

## Modi Govt looting poor through high taxes: Congress

### ■ STATE TIMES NEWS

SUNDERBANI: Congress expressed concern over the continuous increase in the prices of petrol, diesel, LPG and other essential commodities of life.

Reacting over the continuous increase of petrol, diesel, LPG and all other essential commodities, Chief Spokesperson JKPC Ravinder Sharma (Ex-MLC) said that BJP is simply looting the people in the name of taxes and questioned Modi government on what basis does it decide on the prices of petroleum products every day. Why is this hike in petrol and diesel prices when international crude oil prices are low?

He said that the uncontrolled inflation and this government's crude policies has inflicted a lot of misery upon a lot of sections of people in India. The fuel price hike has not only hit the traders but also farmers, students, daily wage earners and other sections of the society. He questioned, if the international crude oil prices are low, why are the people of India paying such high prices for fuel?

On what basis does it decide on the prices of petroleum products every day and what is the explanation for subjecting people to this cruelty?

Sharma said that BJP government has increased excise duty on diesel by 820 per cent and on Petrol by 258 per cent over and collected upwards of Rs. 21 lakh crore in the last six and a half years," he said. This "unaccounted-for" windfall is yet to be passed to the people for whose benefit it was ostensibly collected, he said.

**GLDM Degree College organises webinar on intellectual property right**

### ■ STATE TIMES NEWS

HIRANAGAR: A webinar on Intellectual Property Right was organized by IQAC Cell of GLDM Degree College Hiranagar in which the speakers deliberate their talks on how to preserve or protect the legal rights of their innovations, technical creations, literary and scientific work.

Principal Prof. Kuldeep Singh Koushal was the Chief Guest on the occasion and in his address he stressed upon the importance of Intellectual Property Rights.

Prof. Sujat Khan IQAC Coordinator welcomed both the resource persons Prof. Ramesh Chandra Panda Chief Scientist in WeGrow Private Ltd and Dr. Tariq Hussain Sheikh Faculty in Computer Sciences at GDC Pooneh. During the welcome address Prof. Khan said that we are fortunate to have these speakers with such a vast experience in paper publications in research field and having patents for their products from Australian Govt and having four more patents in pipeline. He said that this talk is definitely providing a guideline to the faculty who are interested in getting patent for their research work. Prof. Ramesh Chandra Panda deliberated on different aspects of IPR in detail in which he discussed how to get patent for your literary, scientific innovations; creations from different countries so that your rights get reserved. Whereas Dr. Tariq Hussain Sheikh discussed his own patent work of 3D printing of cost effective human skull models and skull implants and a Noval Range IOT based automatic dispenser system for heavy water line flow.

Prof. Parveen Sharma Co-Coordinator IQAC delivered vote of thanks to the Guest Speakers for delivering such a valuable talk. He extended his thanks to the members of Psychological and members of career counseling cell for their active participation in organizing the Webinar.

## Ujjwala 2.0: DC Reasi flags off Special Purpose vehicle to generate awareness

DC Reasi Charandeep flagging off vehicle.

### ■ STATE TIMES NEWS

REASI: Deputy Commissioner Reasi Charandeep Singh on Friday flagged off a special purpose vehicle for creating awareness among the public about the Ujjwala 2.0 (Pradhan Mantri Ujjwala Yojana), in the district.

While briefing the media, the Deputy Commissioner informed that Pradhan Mantri Ujjwala Yojana is a scheme of the Ministry of Petroleum & Natural Gas for providing LPG connections to women of the Below Poverty Line (BPL)

households, and after attaining the phase 1 target, the Prime Minister has launched version 2 of the Ujjwala scheme to include the leftover beneficiary under its ambit.

"This measure of including the leftovers will empower women and protect their health," he added.

He also informed that the special purpose vehicles have been launched for the collection of data and documents and identify locations for holding special to be organised by oil companies to provide free LPG

connections to leftover families.

"These special purpose vehicles will be received by the representatives of PRIs and officials of FCS and CA and shall facilitate in getting the new connections to the beneficiaries," the DC said.

Moreover, a detailed calendar has been issued with camp location, dates and times where the public can reach.

The special camps will be held at Bhoomag, Arnas, Thuroo, Mahore, Gulabgarh, Chassana, Sungri, Pouni, Reasi and Katra.
