### AVOID USE OF CRACKERS

Let us have a Smoke Free and Pollution Free Deepawali

**DEEPAWALI IS FESTIVAL OF LIGHTS, BUT NOT THAT OF SMOKE, DUST AND NOISE**

- The Hon'ble Supreme Court of India order dated 29-10-2021 strictly bans the manufacturing, selling and bursting / use of fire crackers containing Barium, Arsenic, Lead, Lithium, Antimony, Mercury etc; and joined fire crackers (Laris) throughout India.
- J&K Government Order No. 89-JK of 2020 dt. 10-11-2020, issued in pursuance to Hon'ble National Green Tribunal directions dt. 09-11-2020, only Green Crackers are allowed for sale, stocking and bursting, in Non-Attainment Cities of Jammu and Srinagar.
- The bursting / use of Green / Improved Crackers is restricted to only two hours from 8.00 pm to 10.00 pm on Deepawali, Gurupurb and other festivals.
- Concerned District Magistrates / SSPs / SHOs to implement above directions of Hon'ble Court.
- Fire crackers cause loud sound up to the range of 125 to 155 dBA, which can damage our ear drums and may cause permanent deafness and serious heart problems. Bursting crackers also have adverse effects on health and behaviour of animals.
- Do not fire crackers as these are hazardous to Nature and harmful for Environment and living beings including humans as they emit obnoxious and toxic gases containing dangerous heavy metals besides micro-pollutants, Respirable Suspended Particulate Matter PM10 and PM 2.5, which could cause serious health issues such as Bronchitis, Asthma, Respiratory, Kidneys, Eye disorders, besides Cardio-Vascular and other diseases.
- Don't celebrate Deepawali with polluting Crackers, celebrate it with exchange of sweets and greetings and eco-friendly use of *Earthen Divas* as Deepawali is a festival of Lights, Peace and Brother-hood.
- Have a pollution free and crackers free Deepawali this year.
