Poem — Pessimism Vs Optimism

Good things come to those who want.
Better things come to those who try.
Between optimist and pessimist the difference is droll.
The optimist sees the doughnut; the pessimist the hole.

Pessimism usually refers to negativism whereas
Optimism always takes the side of positivism.
Optimism starts with a shore where pessimism ends.
One must enjoy the state of being optimism and
refrain from the state of being Pessimism.

So, there is an unbreakable relationship between
the two Pessimism and Optimism.

During the oldest times people used to be Optimistic
while as the youngsters being fallen prey to drugs are
too compulsive to peep through the prism of Pessimism.
The humans are neither above nature nor separate from it.
Erosion of moral values is just like Pessimism.

Poem — Limited Happiness

It's the fault to remain limited,
Bowing always the head tilted.
Why the happiness is very less?
In what under the smile is press?

Sadness overrule because of the loss,
We do hate the things in moss.
Anger, annoying, displeasure, and pain,
All that is best becomes in vain.

Limited happiness is although short,
For the limited time it is like pert (attractive).
Unlimited happiness is everyone's wish,
For the limited time is of nobody's mish.

Why to care for the things (worse) now?
Unlimited happiness is there in row.
Things considered not suitable to desires,
Worries should not overrule - a fire.

Choosing bad is nobody's selection,
It takes time for the correction.
The end of this limited happiness is sure,
The answer lies in treating with cure.
The title can only be neglected,
When unlimited happiness is selected.

Hotel Management

Hotels are amongst the most visible and important aspects of a country's infrastructure. Hotel industry is a closely linked one to the tourism industry. A number of factors like promotion of tourism and rapid industrial progress have given a boost to hoteliering. The recent liberalisation of trade and opening up of economy will further lead to revolutionary growth in this sector.

The diversity of experience in hotel management is greater than in any other profession. Hotel industry involves combination of various skills like management, food and beverage service, housekeeping, front office operation, sales and marketing, accounting. Today, the rise in corporate activity (leading to greater number of business trips) as well as the wish to travel on holiday has made the hotel industry a very competitive one.

Educational Qualification:

Minimum qualification required to go for a course in hotel management is 10+2. For certificate, diploma and bachelors courses 10+2 is sufficient. Duration of certificate courses is six months to one year. Bachelor and diploma courses are of duration one and half to three years. Those with graduation can go for post graduate diploma courses the duration of which is one year.

Selection to most government recognised institutes is based on common entrance test. Test consists of English, Reasoning, General Science and General Knowledge.

The test is of two hour duration and is held around April every year. The test is followed by a group discussion and interview, in which a person's personality and confidence is seen. Private institutes also conduct tests of their own, the pattern of which is almost the same.
