**e-NITNo.:- 07of2022-23Dated:- 30-09-2022**

For and on behalf of the Hon'ble Lieutenant Governor, UT of J&K, e-tenders are invited from registered, reputed and resourceful Contractors/Firms registered with Jammu & KashmirGovt./Central Govt.Organizations for the following works:

Name of the Work: -Plantation works in different (already fenced) units under Rehabilitation of Degraded Forests (RDFs)/Village Wood Lots (VWLs)/Strip component by way of planting of different species of plants raised in Nurseries as Polybagged Plants(Conifer/Broadleaved) or as Naked Root Plants (like Poplar, Robinia etc.) in the pits of standard size along with other associated operationsas per site conditionslike construction of water harvesting structures etcincluding extraction and carriage/lifting of plants from nurseries by mechanical transport (loading & unloading included) & head load carriage etc. up to the site of the work.

Basic Information about the items of works to be executed:

- Planting work is absolutely a weather dependent and season linked activity which must be taken up within the suitable weather conditions. If the planting is not done within the suitable time period, it may have serious effect on the survival and growth of plants. Therefore, Contractor will have to be careful and ensure that work of pitting, plant procurement and planting is completed within stipulated time period as any delay can lead to adverse effect on the quality of work and overall survival. Contractor, thus, will have to ensure that work is completed within a span of one month from the date of allotment of work/start of winter rains and delay whatsoever shall be avoided by all means by the Contractor. Any violation in this regard would warrant action for violation of terms and conditions of the contract.
- Bidder is advised to visit and examine the site, its surroundings and familiarize himself with the existing facilities and working environment, and collect all other supporting information which may require for preparing and submitting the bid and entering into the contract with SFD.
- Plantations shall be carried out in already fenced units.
- The plantation Sites/pockets inside the unit shall be identified by the staff of the department in the company of the contractor/ his representative & thereafter pitting work will be started.
- Before carrying out plantation work, cleaning of unwanted bushes from the plantation sites would be taken wherever required.
- Pit planting shall be carried out in pits of sizes 45x45x45cm and trench planting shall be carried out in trenches of size 90x45x45 cm.
- The plantation is an activity which involves knowledge of various technical aspects and thus shall be carried out by the labour under the close supervision of the staff of the department.
- The sapling will be of two types: -
  - Bagged Plants which are raised in poly bags & transported in baskets, carefully.
  - Naked Root plants which are without poly bags and are extracted and transported in small bundles.
- In certain cases, underground rhizome, seeds/fruit are also used for sowing activities as part of afforestation work.
- The plants & other planting material like seeds, fruits, rhizomes shall be made available by the department from departmental nurseries/ SFRI Nurseries located at different locations. However the carriage and extraction charges shall be borne by the contractor/successful bidder.
- The plants shall be transported through mechanical/headload to the plantation sites as mentioned in the Particulars of Work with carriage and extraction charges shall be borne by the contractor/successful bidder.
- Utmost care shall be taken while transporting/loading/unloading of plants to avoid injury/damage.
- Before, plantation, the labour engaged shall be demonstrated by the field staff of the department for carrying out plantation and exercising various DOs and DONTs for successful execution of works.
- The contractor will use only those plants which are healthy and viable and thus he is supposed to carry out this activity as per the guide lines / directions of the field staff of the department.
- Insecticides/pesticides shall be used in areas prone to termite/insect/fungal attacks.
- The undersized pits which are dug at wrong locations like under a tree/on rocky soil shall be rejected by the concerned staff & no payment for this type of work will be made.
- While planting bagged plants, the poly bags shall be cut with the help of a blade and removed completely and the plant with ball of earth shall be placed inside the pit with utmost care, so that the ball of earth shall not be broken/ disturbed.
- Proper ramming shall be done after plantation and a stick shall be fixed with plant where ever needed, so that it remains erect.
- A small bund of soil shall be made along the side of slope to retain the rain water for the plant.
- After completion, the work shall be inspected by the Officials of the Social Forestry Department (not below the rank of Range-Officer) accompanied by the contractor / Members of the concerned VPCC and accordingly the bills shall be prepared after a satisfactory level of performance is certified.
