Under strong leadership of Narendra Modi, India is world's largest economy: Chugh

STATE TIMES NEWS
JAMMU: BJP National
General Secretary
Chugh on Friday
said that the
recently released
report of the
International
Monetary Fund
(IMF) has shown
India's estimated
GDP growth at
6.3 per cent for the financial
year 2023-24.

"Be it the Corona crisis or the world recession, India's economy has been least affected under the leadership of Modi ji. This has been possible only because of the foresight of his government," Chugh said.

He added that the IMF has described India as the fastest growing economy in the world. Certainly, India is continuously progressing by joining the economy of leading countries globally, he added.

Chugh said that in 2014, the country's economy was counted in the category of fragile economy, but
