Ex-Central Paramilitary Forces Welfare Association urges Govt to fulfill demands

STATE TIMES NEWS

JAMMU: Ex-Central Paramilitary Forces Welfare Association (ECPFWA) today urged the Central Government to restore the pension benefit scheme and martyr status.

Addressing a press conference, D.K Chauhan, General Secretary of the Association, has demanded restoration of the pension benefits scheme (old pension scheme under CCS pension) rules 1972 for post 2004 personnel.

"The Government had introduced the New Pension Scheme (NPS) to the civil employees joining Government service after January 2004 and BSF has also been combined with the civil employees", he said, adding that the duty of the BSF is very tough and deserves restoration of the scheme as applicable to defence service.

He also demanded exemption of GST and functioning of Welfare And Rehabilitation Board (WARB) at district level under supervision of registered pensioners associations.

"Presently WARB is formed which is not effective since the services of the WARB are not

properly beneficial for pensioners. The duties of the WARB and proposals for pensioners are required to be examined", he added.

He also demanded martyr status. "Martyr status is not being given to CPMFs so far. All facilities should be provided to CPMFs at par with Army and equal incentives", he added.

He said that it is the time to restore status of BSF for OROP as the BSF personnel are performing their duties for the security of nation at par with other security forces.

STATE TIMES NEWS

JAMMU: Ritesh Kapoor, Principal ASN Higher Secondary School, Channi Himmat, Jammu was felicitated with 'Outstanding Principal of the Year' Award-2022 during Education Excellence Conclave organized by Ek Updesh Media & CED Foundation on November 12, 2022 at Hotel Park Plaza, Chandigarh.

Ritesh Kapoor while speaking on New Education Policy-2020-Challenges and way forward highlighted that Education being in the concurrent list of the Constitution, there are bound to be some resistance from a few states. Multiplicity of boards and total inequality in their content and standard are other major obstacles. But biggest challenge is going to be formulation

of revised curriculum and pedagogy at each of the four (4) stages of education and its actual delivery at ground level. Considering the fact India has one of the biggest diverse school educations in the world with more than 1.5 million schools and around 250 million students with dissimilar background, this is going to be a nightmare. Changing the mindset of around 10 million school teachers many of whom are from rural background is going to be another major obstacle. Lack of accreditation at school level currently is the other issue of quality check that needs to be tackled.

Intention of the government may be serious and good with lofty idea to take India to the next orbit but making it happen is going to be the real challenge.
