## DC Reasi reviews implementation of Labour Department schemes

DC Reasi, Vishesh Mahajan chairing a meeting.

**■ STATE TIMES NEWS**  
REASI: To review the progress and implementation of Labour Department schemes, the Deputy Commissioner Reasi, Vishesh Mahajan on Monday chaired a meeting of stakeholder departments here in the video conference hall of the DC office complex Reasi.

The Deputy Commissioner held a threadbare deliberation on implementation of eighteen online services and took a comprehensive review of the schemes.

Marking a significant achievement, the Deputy

Commissioner was informed that the registration of workers on the E-SHRAM Portal in the district has reached over 100%. The DC, while expressing optimism over the enthusiastic participation of the workforce, called upon the Officers of the concerned Departments to organize special awareness camps in the district, especially in Mahore sub division.

The purpose of these camps is to extend the registration drive, ensuring that more beneficiaries avail the benefits offered by central and union territory sponsored

schemes.

The administration believes that increasing awareness and registration will empower workers and enable them to access various welfare measures and opportunities.

To streamline and formalize the engagement of contractors within the district, the DC issued directions to the Assistant Labour Commissioner to register the labour with all the contractors within one month. This move is aimed at enhancing transparency, accountability, and compliance with labor regulations.

In a concerted effort to ensure that the benefits of government-sponsored schemes reach every corner of the district, the Deputy Commissioner Reasi has directed the Assistant Labour Commissioner to distribute informative pamphlets among the public, enlightening them about various welfare schemes.

DC issued directions to the concerned department to undertake the registration of all shops within the district. Special attention will be given to those shops operating in far-flung areas, ensuring that every business is accounted for within the regulatory framework.

The meeting was attended by Chief Planning Officer Sunita Kanchan, Assistant Labour Commissioner Renu Bala and other concerned officers.

## Socio-religious organisations for closure of Frozen Chadar Trek in coming winter

**■ STATE TIMES NEWS**  
LEH: The representatives of various socio-religious organizations including All Zanskar Gonpa Association, Zanskar Buddhist Association and its wings, All Zanskar Nambarder Association, and Anjuman Moin-Ul Islam Zanskar have unanimously resolved to advocate the closure of the famous frozen Chadar Trek for the upcoming winter season. "We, the undersigned representatives of various socio - religious organizations from Zanskar, have convened to address the concerns surrounding the Chadar Trek, the renowned frozen river trek. After careful consideration, we have unanimously decided that the Chadar Trek should remain closed for the upcoming winter season 2023 - 24," a joint statement signed by heads of all religious organisations informed. The organizations from Zanskar are of the opinion that due to the movement of the people on the frozen river on the Chaddar Trek has been causing hindrances to the construction of the most awaited Nimmo-Padum-Darcha (NPD) road, leading to unnecessary delays. This obstruction caused poses significant challenges to the timely completion of the NPD road, which is of

paramount importance for the Ladakh's connectivity and development. "Recognizing that the Chaddar Trek has been impeding the construction of the most awaited NPD road, causing unnecessary delays, we most humbly request all major stakeholders from Ladakh, especially those in the tourism sector, to kindly cooperate with this resolution," a joint statement appealed to concerned stakeholders.

In light of this, they organisations requested the concerned authorities in the tourism department as well as private individual involved in the tourism industry to collaborate with this resolution and support the temporary closure of the Chaddar Trek for this winter only. "We believe that this cooperative effort will contribute significantly to expediting the completion of the NPD road. Therefore, we earnestly request the concerned authorities in the tourism department to support and enforce the closure of the Chadar Trek for this winter," it added.

They also appealed to the hotel owners and individuals involved in the tourism industry in the Ladakh and outside Ladakh to refrain from accepting any bookings for the Chaddar Trek during this winter season.

## JJM transforms lives in twin villages of Tulail Gurez

**■ STATE TIMES NEWS**  
BANDIPORA: In a significant move aimed at improving the quality of life for its residents, Kashpot and Kilshay villages of Tulail received piped water supply for the first time after 76 years of independence with the implementation of JJM schemes.

Kashpot and Kilshay villages lying near LoC in the Tulail area of Gurez till now were dependent on springs; residents had long grappled with a daily struggle, accessing clean and safe drinking water. For generations, women and children trekked miles to the nearest water source, carrying heavy containers.

Their lives were defined by this relentless routine, leaving little time for education, livelihoods, or community development.

The turning point came when the administration recognized the urgent need to address this pressing issue. It marked the beginning of a remarkable transformation for the entire community of Kashpot and Kilshay twin villages.

The WSS Kashpot and Sudi Kilshay under JJM took shape with laying of pipelines, connecting the villages to sources known for its clean water. The estimated cost for Kashpot WSS under JJM was 55.47 lacs, and for Sudi Kilash, the estimated cost was 58.88 lacs.

The Deputy Commissioner Bandipora, Dr. Owais Ahmed said that such initiatives are part of government programs to increase access to clean and safe drinking water in rural areas through JJM. He said that providing Kashpot and Kilshay villages with a tap water connection for the first time was a tough task due to their location on hills with high elevation but establishing a network of taps and distribution points within the village was necessary to make the water easily accessible to residents.

Dr. Owais said that despite the limited working season, challenging and tough conditions in difficult terrain of the Tulail area, the department and other stakeholders worked shoulder to shoulder to make the implementation of JJM schemes a success.

He said that the Sudi Kilshay scheme has been completed with 100 percent PHTC coverage, and WSS Kashpot will be completed before December this year. Dr. Owais said access to clean and reliable water supply is a cornerstone of community development, positively impacting health, education, livelihoods, and overall quality of life for the area and is a vital step towards empowering communities in the border area. The residents of these twin villages celebrated the arrival of clean, potable water right in their homes with immeasurable joy on their faces. The transformation of these villages, from a place marked by water scarcity to one where the simple turn of a tap brought life-changing opportunities, exemplifies the power of government support and schemes for the welfare of the general public. Dr. Owais emphasized that fast-track developments in border areas of Gurez in recent times are a sign of good governance towards strengthening border regions and ensuring all the basic facilities to the residents.

He said that these projects can significantly improve the quality of life for the residents of the village by providing access to safe and convenient drinking water, reducing the burden of water collection, and promoting better sanitation practices.

Over the successful implementation of the Jal Jeevan Mission, the locals expressed their gratitude to LG administration and Deputy Commissioner Bandipora for successfully executing the Jal Jeevan Mission projects in their area.

The locals said that earlier, it was a tough task for their women to trek miles and fetch water for daily uses, and during winters, it was impossible to fetch water from distant places.

The locals also expressed happiness for the efforts of Jal Shakti Department, its field functionaries, and all other stakeholders for successful implementation of JJM and providing tap water for the first time to the public of the area.
