### Poem — Hindi – Our Rashtra-Bhasha

Hindi is our prestige; Hindi is our dignity.  
Hindi is the best blessing of our voice consciousness .  
Hindi is our prose; Hindi is our grammar.  
Hindi is our civilization; Hindi is our characterization.

Hindi is our pain; Hindi is our anthem.  
Hindi is our soul; It is the music of our emotional feeling.  
Hindi is our country's stammering voice.  
Hindi is our identity; Hindi is our pride.

Hindi is an incomparable song of Premchand pen 's writings.

Bachchan , Pant and Dinkar's sweet music is expressed in Hindi.  
Tulsi , Surdas and Meera's rhythm of music is expressed in Hindi.

When there be the rising of the Sun and the Moon;  
The Rashtra-Bhasha will remain to be everlasting till then .  
Hindi is our word , vowel and consonant indelible identity.  
Hindi is an auspicious blessing voice of our consciousness.

Tara Chand Bhagat,  
(Talab Tillo, Jammu).

### Poem — You Will Succeed

Life is too short to take tension,  
Just believe in yourself and follow your passion.

Don't waste your time on deciding what is right and what is wrong.  
If you believe in yourself, you can run in this race very long.

There would be ups, There would be downs;  
Consistency is the key to get that "Success Crown."

Experience is important, not the outcome but,  
You will be the winner if you avoid all the shortcuts.

You Can!! You Will!! Just keep this in your mind,  
Forget about quitting, get back to the grind.

Let them criticize, let them shout,  
Always try to learn, but never let yourself down.

Have faith, have plan and then proceed,  
One day, believe me, You Will Succeed.

Sneha Patwari,  
Kunjwani, Jammu.

### NURSING

Nursing, a profession that recalls the name of Florence Nightingale is indeed one of the noblest professions in the world. It is the art of caring for sick people with the science of health care. It is a vital component of any form of medical care.

The largest group of workers in the health sector are those in the nursing occupations as nurses and nursing assistants. In a hospital from the general ward to the operating theater, nursing forms an integral part. This is one of the few domains of work that is almost totally dominated by women.

Nursing duties are manifold and cover a wide range of functions and responsibilities, that depends with the level of qualification and the working environment. At the initial level, nurses are required for the bedside care of patients, while at senior level they are required to manage special group of people like psychiatric, pediatric, intensive care patients etc which require specialised skills. They are also involved in dispensing medication, keeping records of the patients progress, setting up and operating medical equipment, administration and several other routine chores.

This field is both mentally and physically demanding and nurses are often exposed to health risks from infectious diseases. As such this profession demands long hours of work and duties which incorporate both skill and understanding of patients needs. Those who come forward to take up this as a career has to be patient, courageous, have a service mentality and at the same time be ready to work for extra hours even night shifts.
