■ STATE TIMES NEWS

UDHAMPUR: MVD Udhampur organised a fitness Mela/awareness program for drivers (especially of heavy vehicles).

During the fitness Mela, the drivers were made aware of all the vehicle parameters to be checked in order to keep the vehicles road worthy and fit to ply this avoiding road accidents. However apart from the vehicle fitness, drivers were also made aware of the importance of their health parameters and monitoring of fatigue level as fatigue causes various effects at wheel including slower reaction time, decreased concentration, altered judgement,

memory lapses, reduced field of vision, increased risk of drowsiness or falling asleep which can lead to accidents on road. The drivers were made to realise and recognise the signs of fatigue and to take short breaks to avoid accidents.

The initiative of installing reflective tapes was also undertaken by installing reflective tapes on the rear side of large vehicles and drivers were made well versed with the fact that accidents due to poor visibility or lack of visibility during unfavourable weather conditions or travel during dark hours can be avoided to a great extent due to use of reflective tapes.
