- LIBRA**

You have wonderful ideas, so go deep and grab one of them! The more far-fetched the better. People have been waiting for you to bust out with something unexpected. Even if you make a mistake, it will be one that teaches you an important lesson.
- SAGITTARIUS**

You'd better make some more room in your life for new ideas and new people because they're going to be coming at you soon. Toss out those old feelings, tired ideas, and outdated philosophies whose time has come and gone. Update your attitude and get with it. Things have changed in your life, and they're only going to continue. If you keep thinking the same way you thought ten years ago, you'll miss out on some major opportunities.
- CANCER**

Unless you do this, you won't have all the information you need to make the right choices, no matter how confident you feel.
- LEO**

But if you're interested in them, too, this is your chance to work a few double entendres into your conversation.
- AQUARIUS**

- VIRGO**

It's time to create more calm in your life, and you can do this if you learn to accept things you don't like. You have to agree to disagree and rise above petty conflicts. Don't argue when you know there's no point in it.
- PISCES**

Emotional upheaval can cause even the most level-headed people to say things they don't really mean. Keep that in mind if you overhear a surprising comment today.
