All flights to and from Srinagar cancelled due to snowfall Jammu-Srinagar highway closed for traffic

STATE TIMES NEWS SRINAGAR: All flights to and from Srinagar International Airport were cancelled on Tuesday due to snowfall in Kashmir, officials said. "Due to adverse weather conditions and continuous snowfall in Srinagar; the runway is currently not available for safe aircraft operations. In the interest of passenger safety, all flight operations to and from Srinagar have been cancelled for the day," an Airport Authority of India official said here. He said the airlines and airport authorities are closely monitoring the weather situation, and the flight operations will resume as soon as the weather conditions improve to a level where the runway is declared safe for operations. As many as 58 flights -- 29 inbound and 29 outbound -- have been cancelled due to the ongoing snowfall. "Passengers have been

advised to stay in touch with their respective airlines for the latest updates and alternate arrangements," the official said. The cancellation of flights has left hundreds of tourists, who were scheduled to return home after spending the weekend and Republic Day holiday in the Valley, stranded. Meanwhile, Kashmir was draped in white after the valley received fresh snowfall which led to closure of the Srinagar-Jammu national highway and disrupted flight operations. Most parts of Kashmir received fresh overnight snowfall as a western disturbance affected the region. The plains of the valley, including Srinagar, recorded light to moderate snow, while the higher reaches received moderate to heavy falls. The snowfall turned tourists resorts of Sonamarg, Gulmarg, and Pahalgam into winter wonderlands, the officials said.

TENTH DAY KRIYA
