JAMMU: CJM Jammu Amarjeet Singh Langeh rejected bail application of one Shah Mohd, who killed one SPO on duty at a Naka at Manda by hit him with a vehicle.

CJM Jammu Amarjeet Singh Langeh, while rejecting the bail application, after hearing Adv Sandeep Singh for applicant whereas APP Kuldeep Bhat for the police observed that it needs no brainer to underscore that profound, massive and an in-depth response to a horrific crime serves as a potential deterrence for those having criminal propensity and antecedents. It also needs to be underlined that in instant case, life of police-man on duty has not only been imperiled but also done away with.

"Investigation revealed that petitioner was doing reconnaissance along with PW Ali Mohd and ensured that a tipper driven by Farooq Ahmed thrice fetched Sand/Bajri from Majalta and im-load it somewhere in Jammu. Occurrence is alleged to have taken place when after third delivery of sand by Tipper in question, trio aforesaid was on its way back to Majalta. What is expected from investigating agency is as heinous a crime as one in hand is to collect entire contextual evidence during investigation instead of digressing itself to sort of an expectation of mediation about compensation

between an accused and victim family. Such an approach flies in face of basic tenets of criminal jurisprudence and it unwittingly provides latitude to an accused, in not a trivial, but grave and heinous crime. It is here the role of Supervisory Officer at least at the level of Deputy Superintendent of Police in the hierarchy of investigating agency - assumes significance," the Court observed.

As per case, police station received a telephonic information from a police official deputed at Manda Naka for night checking duty on November 24, 2021 that while police officials were performing their duty, one
