HC rejects bail plea in rape case

JAMMU: Justice Rajnesh Oswal of J&K High Court rejected bail application of one Adish Sharma, who was facing trial in a rape

According to the police case, on September 9, 2017, the prosecutrix along with her mother lodged a written report with Police Station Domana to the effect that they were staying as tenants at Udheywala, Jammu and on August 13, 2017 when she was coming from school and waiting for a Matador at Marh Chowk at about 1300 hours, the petitioner came to her on his motorcycle and asked her to sit with him forcibly and took her to his Grand View Palace, where he raped her. After committing crime, the petitioner threatened her not to disclose the incident to anyone otherwise he would kill her and members of her family. Pursuant to this, the aforementioned FIR was registered.

Justice Rajnesh Oswal after hearing Adv Rozina Afzal for petitioner whereas AAG Aseem sawhney for the UT observed that allegations against petitioner are serious in nature and this Court, while considering the bail application, cannot examine merits of the evidence, particularly, in view of the fact that it is not a case in which prosecutrix has turned hostile. Whether her statement is sufficient to prove guilt of the petitioner or not, but is required to be seen by the trial Court while appreciating the evidence. This Court has refrained itself from returning any finding qua the merits of the case, lest it shall prejudice either of parties during the course of the trial. The allegations against the petitioner are serious in nature. Out of total 11 witnesses, only three witnesses have been examined by prosecution and even the brothers of the prosecutrix are vet to be examined. Earlier, as courts were functioning in restricted manner due to COVID-19 pandemic which also led to some delay in the conclusion of trial. In view of the fact that the petitioner is in custody for four long years and the prosecution has examined only three witnesses, this Court deems it proper to fix a time schedule for conclusion of prosecution evidence instead of granting bail to petitioner, as allegations are serious in nature.
