## GGF J&K honours volunteers of Robin Hood Army

## ■ STATE TIMES NEWS

JAMMU: Gandhi Global Family (GGF), J&K on Sunday organized a felicitation function at Amar Singh Club, here. Alok Kumar, Principal Secretary, Youth Services & Sports, Science & Technology and Estates Depts., Govt of J&K UT was the Chief Guest.

Alok Kumar appreciated the role of young volunteers in making a difference in the society especially during such difficult time of pandemic crises. He further said that together we can bring the much needed change in our society. During the function, 50 volunteers and food partners of Robin Hood Army, Jammu were honoured by dignitaries with certificates and portrait of Mahatma Gandhi, for their outstanding contribution towards the nation in the field of "Serve the Hungry Citizens & Run Academy for the underprivileged children".

Robin Hood Army besides serving the needy people in hospitals, railway station, and slum areas, have done outstanding work by serving ration kits to far-flung areas of the Jammu region during the pandemic beginning from March 2020 onwards.

Robin Hood Army is also holding an academy at Greater Kailash Jammu for underprivileged children of slum areas. Venus Sethi is heading the unit of Robin Hood Army at Jammu as its administrator. Earlier, while welcoming the dignitaries and people from all walks of life, President GGF J&K Dr. S P

Varma informed the gathering about the achievements of GGF J&K COVID-19 relief and response team and Robin Hood Army during pandemic in Jammu & Kashmir.

A medical camp of AYUSH medicines was also organized in the premises of the club where awareness of COVID 19 SPOs was made and AYUSH medicines were distributed among the people by Dr. Sanjay Koul under the supervision of District AYUSH Officer Dr Suresh Sharma.

The event was also represented by the Directorate of Tourism where brochures of the Department were distributed among the participants on behalf of Director Tourism Jammu Vivekananda Rai.

Vote of thanks was presented by Bashir Ahmed Sheikh, GGF J&K Secretary while the proceedings of the event was ably conducted by Robin Robert Gill, GGF J&K Advisor.

The dignitaries present were Gazanfar Ali, Director Youth Services & Sports J&K, M Y Kiehloo, SSP, Civil Secretariat, Jammu, Army Veterans Lt Gen (R) Rakesh Sharma, Maj Gen (R) S K Sharma, Ajay Salaan, DCPO & Executive Secretary, Red Cross Jammu, Raman Gupta, Industrialist, Ritika Mahajan, Committee Member, Amar Singh Club, Jammu and the entire cadre of Gandhi Global Family J&K relief & response team. The event was concluded by singing National Anthem.

maintaining healthy soil and demonstrated the use of soil health card to the participants. Dr. Vikas Tandon, Professor, briefed farmers about ongoing initiatives by Centre of Excellence, Horticulture, ACHR for the farmers.

Dr. Parshant Bakshi, highlighted the importance of healthy soil. Dr. Vivak Manohar Arya Assistant Professor, Soil Science gave important tips for soil test based nutrient application in Jammu soils, Dr. Akash Sharma, Asst. Prof. explained roof top gardening to participants. Dr. Sheetal Dogra, Asst. Prof., Dr. A.P. Rai, Jr. scientist and Dr. Brinder Choudhary also spoke on the different aspects of Soil testing.

During the interactive discussion on soil health card, participants displayed their keen interest in soil testing kit. Packets of bio-stimulant and bio-fertilizers also provided the participants. Winners of quiz competition were given prizes by the chief guest. Staff of ACHR coordinated the programme.

gathering that their centre is collaborating with SKUAST Jammu for slow release fertilizer experiments. He also said that nano technologies in soil science holds the future.

Sohan lal Sharma, I/C Comptroller, Dr. Pradeep Wali, ADR, C. L. Sharma, Joint Director Horticulture, Sarabjeet Singh, CHO, Jammu along with district SMS and other officers from department were present.

Describing soil testing as the imperative to soil health management, Dr. Vikas Sharma, Head, Soil Science Division highlighted the importance of nurturing soil health for improved and sustainable horticulture.

Dr. P.K. Rai, Sr. Scientist made the farmers aware of management practices for scientists should make all efforts to translate the information given on these cards for practical utility of farmers.

He also insisted that different government schemes must reach the farmers and all government machinery should aware the farmers about these schemes.

Ram Sewak, Director Horticulture, Jammu addressed the gathering and assured the orchardists that the department will always come up with farmer friendly schemes.

He also stressed upon the farmers to go for high density plantings and also to adopt strawberry cultivation in Jammu plains.
