A large number of aspiring candidates and over a dozen local establishments took part in the Mela.

The programme was aimed to educate unemployed Youth about the apprenticeship Scheme and its benefits. ITI Doda has also set up Help Desk to facilitate Industrial units as well as aspiring candidates to register them online on the apprenticeship portal.

Er. Ravinder Singh Bhatti, Superintendent ITI Doda elaborated in detail about the apprenticeship scheme. It was also briefed that Apprentices Act

was enacted with the objective of regulating the program of training of apprentices in the industry/establishment by utilizing the facilities available therein for imparting on-the-job training. Govt. ITI Doda being the nodal ITI of the District played a key role in creating a platform between aspiring Candidates and Establishments. As per the scheme guidelines, All establishments having workforce (regular and contract employees) of 30 or more are mandated to engage Apprentices in a range from 2.5% to 15% of its workforce, for establishments having a workforce between 4 and 29 this is optional and Establishments having a workforce of 3 or less are not permitted to engage apprentices.

Besides, the apprentices are also entitled stipend under this scheme.

Upon the completion of apprentice

training, the apprentice will appear at an All India Trade Test in designated trade. Successful apprentices will be awarded National Apprentice Certificate (NTC), which is a recognized qualification for employment for both in Government and Private Sector.

Hon'ble Vice Chairperson, District Development council Doda madam Sangeeta Bhagat was the Chief Guest on the occasion who spoke in length

and encouraged the aspirants to take benefits of the scheme and excel in their lives. Ashraf wani DIO Doda was the Guest of the honour who is also a mentor under SANKALPMGNF district Doda. Representatives from District Employment Doda also participated and spoke on the employment related schemes of their department.

Government ITI Doda organises Apprenticeship Mela

■ STATE TIMES NEWS

DODA: To provide real time employment training with required standards of skills in industries and other sectors, Government Industrial Training Institute (ITI) Doda on Monday organized "Apprenticeship Mela" at its campus.

A large number of aspiring candidates

and over a dozen local establishments took part in the Mela.

The programme was aimed to educate unemployed Youth about the apprenticeship Scheme and its benefits. ITI Doda has also set up Help Desk to facilitate Industrial units as well as aspiring candidates to register them online on the apprenticeship portal.

It's notable to mention here that out of total 766 districts in India 425 districts have been chosen for Natural farming across India by Ministry and District Doda is one among them.

Speaking with the farmers Dr. Amit Charak said that Natural Farming is the need of the time and center Govt has made a resolve to replace chemical farming with natural farming.

Calling for a "back to the basics" approach, Dr. G. N. Jha of KVK said, "We need to replicate this innovative model through which in a few States, farmers are already being trained in this practice. Steps such as this can help in doubling our farmers' income and KVK through aggressive training in motivating programmes will try its best to make it possible in the length and breadth of hilly Doda district."

The training programme in which 50 farmers drawn from different panchayats of Doda district are participating started at KVK Bhadarwah, where Scientist and Subject matter specialists (SMS) will train the participants in natural farming.

The programme was inaugurated by DDC Councilor from Bhadarwah west Thakur Yudhvir Singh Billawaria, who was the chief guest on the occasion while Incharge KVK Bhadarwah Dr. Amit Charak Presided the inaugural function.

Zero budget natural farming (ZBNF) is a method of chemical-free agriculture drawing from traditional Indian practices. The programme was started with the welcome address by Prof. Sanjay Khajuria, Chief Scientist & Head in which he welcomed all the officers of line

and Farmers welfare is primarily aimed at to promote organic farming by motivating and training the farmers to adopt natural and traditional ways of farming techniques there by minimising the use of chemical fertilizers, pesticides and insecticides.
