

Centre trying to further cut time for approving patent filing: FM

STATE TIMES NEWS

CHENNAI: The Centre is engaged in further reducing the time to clear applications filed for patent, which was already cut to 12-24 months from the earlier 72 months, Union Finance and Corporate Affairs Minister Nirmala Sitharaman said here on Sunday.

Domestic filing of patents has been increasing and in 2021, a total of 58,502 patents were filed while 28,391 were cleared, she said at a function here.

"In 2016 when the start-up policy was announced, lots of policies were brought in so that start-ups can get assistance in filing IPs. The number of days it took for patents to be cleared was 72 months in 2016. As of December 2020 which is the last data I have, it has come down to 12 months, in some cases 24 months. We are trying to further bring that down," she was quoted.
