Kashmiri Politicians had a deep dislike and hatred for Armed Forces for obvious reasons, which got manifested in various welfare schemes and incentives, in various policies in vogue.

It was expected by Armed Forces fraternity, that post abrogation of article 370 and 35 A, historical blunders committed by Kashmir centric politicians will be corrected. But sadly, after more than two years, no step has been taken by the ruling dispensation of BJP.

Pathania said, there is a

long list of step motherly treatment, met by successive governments, over a period of last 74 years and no steps have been, ever taken to address the issue.

Only six percent, seats in government jobs, have been reserved in our UT, where as in Punjab and Himachal Pradesh it is almost 14 percent.

ing Separatist Kashmir deep down towards Jammu which also has a direct bearing on the National Security of the country, he added. Ankur Sharma further said that this new Parliamentary realignment is directly aimed at foreclosing any possibility of a separate Jammu state in the future and is aimed at nourishing the concept of subversive Greater Muslim Kashmir.

He added that this development is a decisive step towards implementing subversive anti-Jammu and anti-National Vajpayee-Mushraff Formula/Dixon Plan Formula. These formulas by implication envisaged resolution of Kashmir Problem with Pakistan by handing over Muslim majority areas of J&K to Pakistan in a certain manner and over a certain period

of time. River Chenab accordingly to these formulas shall form the new natural boundary with Pakistan. He said that it is no surprise because as a pattern, all policies of BJP in recent times have been aimed at weakening Hindus of J&K starting from allowing conduct of delimitation on fudged anti-Hindu, anti-Jammu 2011 Census which is now culminating on this new subversive scheme of Delimitation. He lamented that such measures are emanating from a Govt which has come to power on the basis of support of Hindus of India is a testimony to the fact that the top notch of BJP is essentially anti Hindu and susceptible to subversive manipulations.

including Tatas, Mahindra & Mahindra, Reliance, NHP and others.

Financial reporting is critical to the successful operations of financial markets, said Dr Jitendra Singh, because it provided even-handed objective and unbiased information through annually published reports.
