

Agriculture: Driving force of J&K economy

STATE TIMES NEWS

JAMMU: In Jammu and Kashmir economy is predominantly agriculture dependent and nearly 70% of population is directly or indirectly engaged in agricultural and allied activities. The J&K government works on a vision on daily basis to look beyond subsistence agriculture by leveraging special agro-climatic conditions of the Union Territory for securing high returns to the farmers from transformed and modern sustainable and inclusive agriculture interventions. The mission of J&K Administration is to secure a complete transformation in the lives and outlook of the farmers of the UT from subsistence to modern, vibrant and high return agriculture by the end of year 2023. As a part of agricultural mechanization support to the farmers for broader economic transformation, Lieutenant Governor of J&K handed over sanction letters for 100 tractors to the farmers and 1035 threshers for panchayats. The government is also setting up Custom Hiring centres and Farm Machinery Banks in different parts of the union territory. As many as 151 custom hiring centres and 122 farm machinery banks have been started so far.

Moreover till recent months, Direct financial assistance has been provided to 11.7 lakh farmers through the Kisan Credit Card and incentives worth Rs. 1,706 crore have been disbursed to more than a million beneficiaries under the PM-KISAN scheme.

Extending Technology benefits to farmers, the government distributed Paddy/Maize threshers to 3000 Panchayats

which will be distributed to all Panchayats soon. Also, 1.29 lakh soil samples being tested during current year, 56,426 soil health cards (SHCs) have been distributed besides more than 1 lakh quintals of quality seed has also been distributed among farmers. Under National Saffron Mission, irrigation infrastructure inclusive of sprinkler system has been started which is connected to 126 deep production wells. As a result of this, around 2578.75 hectares of land stands rejuvenated till date. The implementation of Mission has also ensured substantial increase in the crop yields from 1.88 kg/Ha to 4.5 kg/Ha. G.I. tagging for Saffron and Guchi (Wild Mushroom) of Doda has given remarkable strides to acclaimed Saffron of Kashmir in international market.

Similarly, other remarkable achievements like Lal Mirch harvested on 1182 Ha, Sweet Corn harvested on 160 Ha (6105 Qt), Exotic vegetable has been harvested over 125 Ha and others have generated massive returns for the farmers.

Online registration certification has also started in J&K to facilitate registration and ensure growth in organic farming. For the first time in history, 2000 trucks of vegetables have been exported from J&K to other parts of the country. J&K has achieved top position in the entire country with a yield of 70 quintals per hectare of paddy.

Moreover, 60,000 hectares of basmati agriculture land is being converted into high productivity land. In last one year, a record 5400 metric tonnes of

(NAFED) has decided that it will sell Kashmiri Saffron at all its outlets across the country, thereby providing another option to the farmers to sell their produce at attractive prices. Apart from saffron, Jammu and Kashmir is number one in the whole country in the production of apple, walnut and almond and the upcoming

industries in the food processing sector will help farmers income to grow manifold in the coming days. As agriculture sector is the driving force of J&Ks economy, the reforms brought by the J&K government in the recent months for the development and progression of agriculture sector are yielding encouraging results.

CONSUMER FEEDBACK ON POWER INFRASTRUCTURE DEVELOPMENT

" JPDCL has done good work by installing new transformers and lines in our area. We are very happy that problems related to power supply have been resolved.

-Rahul Sharma (Mandlik Nagar, District - Jammu)

CONSUMER FEEDBACK ON POWER INFRASTRUCTURE DEVELOPMENT

" KB Nagar has been facing voltage fluctuations for the past few years but JPDCL has resolved our problem by installing new transformers/cables. Good work done in strengthening power infrastructure.
