

Pakistan indulged in persecuting natives on Gilgit-Baltistan, PoJK: Masood

STATE TIMES NEWS

JAMMU: Highlighting the unending plight of the natives of Pakistan occupied Jammu and Kashmir (PoJK) and Gilgit-Baltistan, Jamil Masood, representative of NGO at United Nations Human Rights Councils Geneva on Sunday urged the Indian Government to liberate areas of the erstwhile princely state of Jammu and Kashmir illegally occupied by Pakistan since 1947.

"Without liberation of PoJK and Gilgit Baltistan from the joke of Pakistan, it is impossible to control the menace of terrorism", Masood said while addressing a webinar organized by the Centre for Ladakh & Jammu Kashmir Studies (Jammu Kashmir & Ladakh Chapter) in connection of Sankalp Diwas. Topic of today's webinar was "Human Rights Violation and Socio-Economic Status in PoJK". Centre for Ladakh & Jammu Kashmir Studies (Jammu Kashmir & Ladakh Chapter) is organizing a series of lectures on the eve of the Sankalp Diwas. Today was

the second lecture of the series.

Jameel Masood and Dr. Yashodhan Agalgaonkar International Co-ordinator of Centre for Ladakh and Jammu and Kashmir Studies were the main speakers in the webinar.

Prof Naresh Padha, Dean Academic Affairs, University of Jammu presided over the webinar which was watched by viewers across the globe. In the webinar, speakers were unanimous that Gilgit Baltistan is an integral part of India. They observed that recently India carried out amendments in its constitution to declare Gilgit Baltistan a part of the Union Territory (UT) of Ladakh. This helped to re-establish Gilgit Baltistan's historical link with

Ladakh since Baltistan was part of Ladakh district before the partition of the State of Jammu and Kashmir. Masood pointed out that the Pakistani establishment has been brazenly indulged in persecuting natives on Gilgit-Baltistan and highlighted the deceitful tactics of Pakistan to annex these areas which are part of India both constitutionally and legally.

Dr. Yashodhan Agalgaonkar International Co-ordinator of Centre for Ladakh and Jammu and Kashmir Studies recounted historical aspects of how Pakistan has forcefully and illegally occupied PoJK and Gilgit-Baltistan.

He narrated some historical incidents and highlighted the deceitful tactics of

Pakistan to annex these areas which are part of India both constitutionally and legally.

Prof Naresh Padha, in his address, lauded the Centre for

Ladakh and Jammu and Kashmir Studies for organizing a series of lectures on the eve of

Sankalp Diwas. He said that both China and Pakistan have joined hands to undertake

genocide against the local people of Gilgit-Baltistan and convert them into a minority.

"Given the situation, the world should stand with India to help natives of Gilgit Baltistan save from annihilation. The world should not let Gilgit Baltistan turn into another Xinjiang or Tibet", he said.

They said that Pahari ethnicity constitute a tribe well mentioned by the government of India with constitutional amendment and live in hilly, tough terrain of border area

lacking the deficiency in all

sectors and also are part of seasonal migration every year and fulfills all prerequisite to

be given Schedule Tribe status
