

## Dr TP Singh, Dr Paul deliver lectures at JU's science fest

### STATE TIMES NEWS

JAMMU: The first session of ongoing Science festival 'Vigyan Sarvatra Pujyete' commenced with lecture by Dr T P Singh, a research scientist at All Indian Institute of Medical Sciences (AIIMS), New Delhi. Prof Rajni Kant, Director, College Development Council and Convenor of National Science Day celebrations at University of Jammu gave a profile of Dr T P Singh, known for his work in Rational Structure-based drug design and Protein Structure biology and X-ray crystallography. Prof Rajni Kant said that Dr Singh played an active role in development of drug design in fields of Antibacterial therapeutics, tuberculosis, inflammation, cancer and gastropathy. The speaker delivered a lecture on topic

'Structure and functions of innate immunity protein and discovery/ design of anti-viral (Sars-COV2) agents'. He explained in detail role of X-ray crystallography in determining the 3d-structure of protein of the immune system. The second session was presided over by Prof Sat Pal Sharma, Department of Chemistry, JU while Dr Jag Paul Sharma, President SIDAVER, Former Director Research, SKUAST Jammu was the speaker and delivered a lecture on topic Indian Agriculture (Crop, Horticulture and Animal Sciences): By 2030 and Beyond.

Prof Meena Sharma, Dean Planning and Prof Kamal Kapoor presented a memento to invited speakers while vote of thanks was proposed by Prof Sat Pal Sharma.

Executive Engineer,  
Trans. Line Maint. Civil,  
JKPTCL, Gladri, Jammu.

### Dear Brother/Sister,

The role of farmers is highly underrated, but as the saying goes, they are the backbone of the society we live in. The Government of India introduced the Pradhan Mantri Fasal Bima Yojana (PMFBY) in the year of 2016 with the primary objective of insuring the farmers and backing them with necessary financial support on the occurrence of a failure of any of the notified crops owing to natural calamities, pests and diseases.

One of the reasons for rising farm distress in India is crop failures and yield losses triggered by vagaries of climate. Moreover, dwindling rainfall fill the farmers' lives with uncertainty. But as the saying goes, they are the backbone of the society we live in. The Government of India introduced the Pradhan Mantri Fasal Bima Yojana (PMFBY) in the year of 2016 to mitigate the effects of farm issued like these, the benefits of PMFBY were publicised in the UT which is aimed at shielding farmers from uncertainty through insurance.

As an end to end risk mitigation mechanism for farmers, the scheme extends coverage for the entire cropping cycle from pre-sowing to post-harvest including coverage for losses arising out of prevented sowing and mid-season adversities. Individual farm level losses arising out of localized calamities and post-harvest losses are also covered due to perils such as inundation, cloudburst and natural fire.

Some notable examples of these covers include crop loss claims over Rs. 37 crore in Jammu Division during the Kharif 2017 to Rabi 2018-19.

I request the farmers to take advantage of the scheme and support achieving Aatmanirbhar Kisan.

Jai Hind-Jai Kisan

### MESSAGE

Agriculture occupies an important place in the economy of J&K as 70% of the population derives its livelihood directly or indirectly from this sector. Orthodox Cropping Systems resulting in lesser yields coupled with lesser accessibility to markets were major impediments in promoting agro-based economies.

The Government has decided to put in place a mechanism to safe guard farmers produce against vagaries of weather, pest, diseases and post harvest losses through Pradhan Mantri Fasal Bima Yojana (PMFBY) and Restructured Weather Based Crop Insurance Scheme (RWBCIS). J&K has been implementing PMFBY since Kharif 2017 and presently, this scheme is under implementation in four Districts of J&K viz. Anantnag in Kashmir Division, Jammu, Samba and Udhampur in Jammu Division. Paddy, Maize, Wheat and Oilseed crops are being insured at the block level.

The Government of J&K is committed to cover all the remaining districts under the schemes and efforts are on to secure the interests of the farmers.

As we are celebrating "Azaadi Ka Amrit Mahotsav Campaign-India@75", MoA&FW has planned to organize a doorstep policy distribution drive - "Meri Policy Mere Hath" under PMFBY for Rabi 2021-22 season from 26th February 2022, which is a novel step and would help in bringing vibrancy to the Crop Insurance Schemes in the Country in general, and UT of J&K in particular.

I would like to reaffirm our commitment to change the economic fortunes of our farming community and I hope that the Department of Agriculture would keep on working with great dedication and zeal to realize the vision of our Hon'ble Prime Minister.

I extend my best wishes to all the stakeholders associated with the implementation of PMFBY/RWBCIS.

### Message

Agriculture though being a priority sector in whole of the country where 70% of population is directly or indirectly involved with it, therefore has remained a matter of focus for generating the sense of belonging by initiating various significant steps at various times.

Newer proactive initiatives proposed and approved by the present dispensation for which the Department of Agriculture extends gratitude.

Agriculture is a process that mainly depends on weather, as it plays an important role in deciding the economic returns of the farmers. As we are aware that we are facing a global threat of Climate Change which is having an effect on our climatic condition and has a direct impact on our Agriculture.

In order to negate the effects of Climate Change vis-a-vis crop loss, Government of India in 2016-17 launched Pradhan Mantri Fasal Bima Yojana (PMFBY) and Restructured Weather Based Crop Insurance Scheme (RWBCIS).

Now, in the 6th year of implementation as we are celebrating "Azaadi Ka Amrit Mahotsav Campaign-India@75", MoA&FW has planned to organize a doorstep policy distribution drive - "Meri Policy Mere Hath" under PMFBY for Rabi 2021-22 seasons from 26th Feb 2022 and an intensive campaign has been proposed wherein Crop insurance policy distribution drive is to be carried out at the Gram Panchayat level.

I believe that we would take all necessary steps to make this campaign a grand success and would also ensure that the Farmers feel that the Government is committed to make their life better, guide them to lead a dignified life and also encourage them to continue being the food provider of future India. The Government of UT of JK is committed to secure the interests of the farmers.
