## Dr. Manuj's CME showcases breakthrough advancements in Knee & Hip Joint Replacement

### STATE TIMES NEWS

JAMMU: Jammu witnessed a significant academic milestone in orthopaedics as Dr. Manuj Wadhwa, senior joint replacement surgeon with experience of over 55,000 knee and hip replacement procedures and a World Book of Records-recognised name in joint replacement surgery, conducted a Continuing Medical Education (CME) session titled "Journey Through Joint Replacement." Dr. Wadhwa, who currently serves as President of the Indian Arthroplasty Association, addressed a distinguished gathering of orthopaedic surgeons and healthcare professionals from across the region, drawing strong academic interest and participation. The CME delivered a comprehensive overview of the evolution of knee and hip joint replacement surgery, tracing its progression from conventional surgical approaches to highly sophisticated, technology-enabled techniques. Dr. Wadhwa elaborated on advancements including computer-assisted navigation, artificial intelligence (AI)-driven surgical planning, augmented reality-based guidance systems, customised 3D-printed implants, uncemented total knee replacement (TKR), high-flex knee designs, robotic-assisted surgery, and natural knee resurfacing procedures. He further presented clinical evidence supporting these innovations and discussed their growing impact on global orthopaedic practices. Emphasising outcomes-driven care, Dr. Wadhwa explained how the integration of advanced technologies has enhanced surgical precision, optimised implant positioning, improved joint biomechanics, and contributed to superior long-term patient outcomes. These advancements have also facilitated faster recovery timelines, reduced hospital stays, and improved post-operative comfort. Highlighting the importance of clinical judgment, Dr. Wadhwa noted that while technology has transformed arthroplasty, successful joint replacement continues to depend on meticulous surgical technique, accurate patient selection, and personalised treatment planning.

## Mega youth engagement drive to engage over 80,000 students

### STATE TIMES NEWS

JAMMU: In a significant step toward institutionalizing structured youth engagement, Chief Secretary Atal Dulloo on Monday chaired a high-level meeting where the School Education Department and the Department of Culture unveiled an integrated Youth Engagement Drive across the Union Territory of Jammu & Kashmir. The ambitious initiative lays out a roadmap to engage more than 80,000 students and youth annually through school-based platforms, grassroots cultural institutions, and national-level exchange programmes. The objective is to strengthen experiential learning, promote cultural preservation, and foster talent develop-

ment across J&K. The meeting was attended by senior officials, including the Principal Secretary, Culture; Commissioner Secretary, Youth Services & Sports; Commissioner Secretary, School Education; Managing Director, Samagra Shiksha Abhiyan; and Secretary of the Jammu and Kashmir Academy of Art, Culture and Languages, among others. Addressing the participants, the Chief Secretary emphasized that co-curricular and cultural initiatives are as vital as academics in shaping well-rounded individuals. He called for inter-departmental convergence, structured implementation, and continuous monitoring to ensure measurable outcomes. Principal Secretary, Culture, Brij Mohan Sharma, detailed the Youth Engagement and Empowerment Plan, which includes establishing School Cultural Clubs in 2,530 Government High and Higher Secondary Schools. Each club, comprising 25 students, will engage over 63,000 students annually under the mentorship of the J&K Academy of Art, Culture and Languages. District Cultural Committees will be formed under respective Additional District Development Commissioners, while Tehsil Cultural Clubs across 207 tehsils will engage over 10,000 youth annually through workshops, exhibitions, and heritage visits. A key feature is the "One District - One Traditional Art Form" programme, identifying 27 district-specific art forms for revival under a Guru-Shishya model, where master trainers will mentor youth for one year. The Department will also organize 200 Nukkad Natak programmes annually in Jammu and Srinagar to raise awareness on social issues. Two seven-day Youth Cultural Summits under Ek Bharat Shreshtha Bharat will promote national cultural exchange. Additionally, a two-year Diploma Course in Calligraphy has been formalized in collaboration with the University of Kashmir, offering structured training and stipendary support to students.
