In a press statement issued here, Sharma said that various schemes launched by Govt have proved as boon for people. "Panchayat and local bodies elections were held quite peacefully as people from both regions participated in the same in large numbers. Security scenario has completely changed and people are indulging in their activities without any fear as anti-national activities have come to a grinding halt.

Kashmir leaders who have used the people as pawns by arousing their emotions and had practically nothing for their betterment during long tenure of their power are feeling dejected and frustrated by fast pace of development in UT, thereby giving vent to their defeatist mentality because support of masses is vanishing quickly from under their feet and to be precise, they had lost the game," said Sharma.
