

PM invites global investors to invest in power sector

STATE TIMES NEWS
NEW DELHI: Prime Minister Narendra Modi on Thursday invited global investors to invest in the power sector, urging them to "make, invest, innovate, and scale" in India.

In a written message read out by Union Power Secretary Pankaj Agarwal at the Bharat Electricity Summit 2026, Modi said India stands at a defining moment in its energy journey as the world's fastest-growing major economy. "I invite the global community to make in India, innovate in India, invest in India, and scale with India. I'm confident this summit will catalyse meaningful dialogue and enduring partnerships to power India's growth," Modi said.

progress is a testimony to this commitment. Over 50 per cent non-fossil fuel capacity has already been achieved, with a clear pathway to 500 gigawatt by 2030, he noted.

Initiatives like one sun, one world, one grid underscore our vision for global cooperation, he pointed out.

Modi said the summit aims to bring the whole power and energy ecosystem onto a single platform to exchange ideas, foster collaboration, and chart a shared path to power growth and improve life.

"It reflects our collective resolve of electrifying growth and bringing sustainability, connecting globally, and advances India's vision of a Viksit Bharat by 2047," he stated.

India stands at a defining moment in its energy journey, as the words fastest-growing major economy, we are strengthening infrastructure and ensuring reliable energy access for all, he noted.

Our renewable energy
