Despite downpour, thousands converge to offer Jumat-ul-Vida prayers in Bhadarwah

■ STATE TIMES NEWS

BHADARWAH: On the last Friday of the ongoing holy month of Ramadan known as Jumma-tul-Vida, thousands of Muslims assembled in all the Jamia Masjids (mosques) across Jammu and Kashmir's Bhaderwah Valley to offer Friday prayers today.

Despite heavy downpour, the devotees attired in their best clothes started visiting the mosques in the afternoon to participate in the congregational prayers known as Jumma-tul-Vida. They prayed to the Almighty for their welfare and for peace, social harmony and give them strength to observe the Ramadhan next year as well.

People from most parts came out in large numbers despite rains to offer prayers in different Jamia Masjids of towns and peripheral areas. Large congregation was held at Markazi Jamia Masjid Bhaderwah, Jamia Masjid Gatha, Jamia Masjid Madrassa Faridiya and Jamia Masjid Sarafan Mohalla. At Markazi Jamia Masjid Bhaderwah, to accommodate the heavy rush, Masjid Committee had made elaborate arrangements for Namazas on the road as well. Authorities also suspended traffic from Sadar Bazaar to Pasri Bus Stand for two hours to let the Friday prayers pass-off smoothly. President Anjuman-

c-islamia Bhadarwah Pervaiz Ahmed Sheikh said that a huge gathering of people participated in Jumma-tul-Vida congregation in Jamia Masjid Bhadarwah and other masjids, where special prayers were offered for the peace, prosperity and betterment of society. He informed that if weather improves, Eid Nimaz will be offered at Markazi Eidgah Bhadarwah at 9:30 AM and if rains continue, then the Eid Namaz will be offered in respective Jamia Masjids. Security was also beefed up in view of last Friday Prayer of Holly month of Ramadan in and around Mosques in Bhadarwah and it's peripheral areas. ASP Bhaderwah Kameshwar Puri, SDPO Bhadarwah Waseem Mehmood, SHO Bhadarwah Jatinder Singh and Assistant Commandant (CRPF) Japheth Ditrum were also present at Jamia Masjid Bhadarwah to keep vigil on security arrangements. ASP Bhadarwah Kameshwar Puri said, "We have deployed extra personal of Police and CRPF in different places of Bhadarwah to ensure foolproof security during last Friday of Ramdhan." He also greeted people for Eid-ul-Fitr.

Tata Power & News18 release special film as part of 'Sustainable is Attainable' movement on Earth Day

■ STATE TIMES NEWS

JAMMU: Sustainable is indeed attainable. In a big push to its long-term mass movement on promoting green energy adoption in India, Tata Power, one of India's largest integrated power companies, and News18 released an inspirational film on television and digital platforms on Earth Day 2023, promoting the theme of "Invest in our planet". Set in Ladakh, the film depicts how solar power is leading to a future of great possibilities, and inspires us all to 'switch to' greener options, without being worried about 'switching off'. Tata Power exhorts all Indians to invest in the planet by adopting clean energy and #De Power Ko Green Signal. The protagonist in the film, a young aspiring boxer in Ladakh, need not compromise on her training schedule due to power supply constraints. Solar power lights up the boxing arena she practices in and keeps on track, her dreams of making it big in the sport, where Indian women are already shining at the global stage. "This Earth Day, we want to reinforce how Solar power is lighting up lives across the country and taking ahead India's vision of clean energy transition. The film showcases this effectively," said Jyoti Kumar Bansal, Chief - Brand & Communications, Tata Power. With this motivational film, Tata Power is underlining its 'Sustainable is Attainable' movement - highlighting how it is working to make adoption of sustainable products and services easy and affordable for both Corporate India and consumers, and how that is spurring behavior change. "In line with Mission LiFE introduced by the Prime Minister

Narendra Modi, the movement is taking the discussion around sustainability into our daily lives and Tata Power is proud to be leading this conversation," added Bansal. The Sustainable is Attainable movement has been encouraged by Union Minister of Power R K Singh, Union Minister of Road Transport & Highways Nitin Gadkari, Amitabh Kant (G20 Sherpa) and supported by corporate leaders across India and the world. The movement aims to continue propagating the use of green and clean energy in the country. It is also working on popularizing how a sustainable lifestyle is 'attainable' for millions of Indians through wide-scale adoption of affordable green energy products and solutions. Tata Group has identified new energy as a large focus for the group as part of its contribution to India's Net Zero

Goals. "This film is an effort to amplify the power of solar, showcase how easy it is for us to switch to an alternative source for our energy needs, and encourage behaviour change, in keeping with goals of our initiative 'Sustainable is Attainable'. We hope that our audience finds the messaging heartfelt and, more importantly, that the film inspires them the way it does us," said Sidharth Saini, Senior Vice President, Network 18 Studio. Tata Power, which supplies power to 12.5 million users across four states, has many iconic projects including one of India's largest - vertical solar farm in Bengaluru, carport installation in Pune, solar-powered cricket stadium, Brabourne Stadium in Mumbai. With its path breaking initiatives in the energy sector, it is leading India's mission of energy transition.

13-year-old daily wager, daughter of farmer part of first-ever Indian Women's Blind Cricket team

■ STATE TIMES NEWS

NEW DELHI: A 13-year-old bricklayer from Odisha and a farmer's daughter who lost vision in the right eye while playing with wooden arrows are a part of the first-ever Indian women's cricket team for the blind. Most of the team members come from humble and varied backgrounds and their first flight out of India to play a T20 series in Nepal next week could well be life-changing. Men's cricket for the blind has been staged for more than two decades and the women's game has finally seen the light of day. For 20-year-old Sushma Patel, who will captain the side in the five games, life has already taken an "incredible" turn two years after she picked up the game. Growing up in a remote village of Damoh district in Madhya Pradesh, Sushma and her three brothers used to play a lot with teer kaman (bows and arrows), inspired by what they had seen in the TV series Ramayan. That hobby resulted in a tragedy as one of the arrows pierced her right eye, leaving her partially blind. "I was six when that happened. I can only see with my left eye but my vision is deteriorating. For a long time, I did not know what I would be doing with my life after that incident but cricket has offered me a lifeline. "It is a dream come true that I will get to lead India. My father wanted my brothers to play cricket but now he is proud that I have realised his dream. "Neighbours in my village remain narrow minded and still don't approve of me playing the game but I will prove all of them wrong," Sushma, who is among the blind batters in the side, told PTI. The team comprises players with varied vision. Six fall in the B1 category (totally blind), five in the B2 category (who have vision of up to two metres) and six in the B3 category (who have vision of up to six metres). Sushma is in the B3 class and giving her company in Nepal would be 13-year-old all-rounder Jhili Birua, who is an orphan and could be found working at a construction site for Rs 250 a day to make ends meet. Despite the hardships she has had to face at a young age, Jhili doesn't have a care in the world and hopes cricket leads to a better life. "I had to leave school as I did not have the required documents for enrolment. Now I do daily labour jobs in the day and play cricket in the evening," said Jhili, who lost her mother when she was three years old and father met with a fatal accident in 2020.
