suggestions, official sources have said.

While the number game is more even in the Rajya Sabha, it is still in favour of the BJP-led NDA. The Upper House is expected to take up the bill for passage after it gets the nod of the Lok Sabha.

After the Catholic Bishops Conference of India, the Church of Bharat on Tuesday extended its support to the bill, boosting the government's efforts to dispel the bid to portray the proposed law as its alleged larger anti-minority agenda.

While introducing the bill last year, the government had referred it to a joint committee of the two Houses.

After the report was submitted by the panel, the Union Cabinet had approved certain changes to the original bill based on the committee's recommendation.

Rijju said immediately after Question Hour which concludes at 12 noon, he will move the bill for consideration and passage.

Hitting out at the opposition, he claimed that some parties are trying to create excuses to run away from the discussion.

Gogoi said the opposition stormed out of the BAC meeting as the government was bulldozing through its agenda. There is no space for the opposition, he alleged.

Opposition parties are strongly opposed to the bill, slamming it as unconstitutional and against the interest of the Muslim community. Several leading Muslim organisations have been rallying support against the bill.

The government has said the bill seeks to improve the management and administration of Waqf properties in India by bringing transparency and efficiency in their management.

(situation) will be reviewed, he (Shah) has planned a public meeting in Jammu as well ... Then, in Srinagar, he (Shah) will review the development work and inaugurate some projects," he added.

A combing operation is underway in the Kathua district of Jammu to track down three terrorists who escaped after a brief encounter with security forces late on Monday.

The joint operation of the Special Operations Group (SOG), army and the Central Reserve Police Force (CRPF), entered its tenth day on Tuesday.

On March 27, two terrorists were killed in an encounter in the district's Sanial area in which four police personnel also lost their lives.

The terrorists were believed to be from a group that had its first face-off with the security forces in the Nursery area near the International Border on March 23. All of the terrorists had managed to escape.

Four days later, security forces engaged them in an encounter in a forest area of the Sanial belt and eliminated two terrorists. The rest managed to flee.

During this exchange of fire, four policemen were also killed and three injured.

With the terrorists changing their locations in the jungle, the security forces have launched a multi-agency operation to track them down.

Meanwhile, Abdullah was asked if Shah's visit was a sign of an improved relationship between the Union Territory government and the Centre.

In reply, the chief minister said this was not the first time that the home minister was visiting Jammu and Kashmir.

"He (Shah) has come here before and he will continue to come. When I was the chief minister of the (erstwhile) state, home ministers used to come here then as well. P Chidambaram and (Sushil Kumar) Shinde also came, so it is not a big deal," he said.

"These visits should continue, our talks with him (Shah) are on. He has tried to help Jammu and Kashmir in the last few months. Last year, we asked for some more money and we got that money. This time also, we are hoping that the Centre will provide whatever help Jammu and Kashmir needs," Abdullah said.

In response to a question about the Waqf (Amendment) Bill, he said MPs from his National Conference party would strongly oppose it.

"I have said this before that it will be difficult for people like us to accept this Bill. From this Bill, it seems that only one religion is being targeted. I have also said that every religion has its institutions and every religion has a charitable wing, and for us it is the Waqf," he said.

Abdullah, the National Conference vice-president, further said, "Targeting Waqf like this is very unfortunate because it seems that action is being taken only against our charitable process. It would be better if it does not happen. Now, it is up to Parliament. We cannot support this Bill. Our MPs will strongly oppose it."

The National Conference has two MPs in the Lok Sabha from Jammu and Kashmir.

by Ayushman Kotwal and Tejashwar Chib, who argued that the dredging activities were not intended for river maintenance or flood disaster management, as permitted under Clause 7 of Appendix IX of the EIA Notification, 2006.

Instead, it was alleged that the extracted material was being commercially utilized for road construction, violating environmental norms.

The applicant pointed out several irregularities in the ongoing dredging operations. One of the major concerns raised was the failure to notify the State Pollution Control Board (SPCB) before commencing dredging.

As per the Office Memorandum (OM) dated August 21, 2023, any such activity requires a 15-day prior notice to the SPCB, which was allegedly not given in this case. Additionally, it was noted that an official order dated February 13, 2024 (Annexure VII) recommended the disposal of 90,744 MT of extracted Nallah muck, raising concerns over whether the necessary environmental clearances were sought.

The applicant also submitted photographic evidence (Annexure VIII), showing large-scale dredging that suggested violations of environmental norms.

### Court frames corruption...

from Superintending Engineer JDA, for supply and installation of 10 No's 2 ton split ACs with remote control and motor compressor of Blue Star/Voltas, Samsung make and for other electrical works of ground floor.

During tendering process, M/S Luman Engineers was found as L-1, however, instead of allotting works to L-1 firm, the then VC JDA Vinod Sharma deliberately and intentionally under a well knit conspiracy hatched with TR Sargotra, the then Superintending Engineer, JDA (now expired) and Ashok Gandotra, the then Executive Engineer, JDA-1 to confer undue benefit to a particular firm M/S Ess Que furniture Works, approved the renovation/interior works including Air Conditioning of office complex at JDA office for a cost of Rs. 40.83 lakh.

The scope of work was changed from the installation of ACs/ Electrical works to renovation/interior works along with installation of ACs without any tendering process, which resulted into the increase in expenditure incurred in this regard.

The work was allotted on nomination basis to the above said firm without any justification as well as without any tendering in blatant violation of tendering process and requisite codal formalities.

Verification had further revealed that as per validity of license, the said firm was not authorized to execute electrical works but the beneficiary firm still executed/completed the entire work of electrical/renovation/interior works at exorbitant rates in July-August-2011 for which payment amounting to Rs. 40.53 lakh was released in favour of M/S Ess Que Furniture Works. By acting in this manner, the then VC JDA Vinod Sharma, TR Sargotra the then Superintending Engineer, JDA (now expired) and Ashok Gandotra, the then Executive Engineer JDA- 1 in league with each other and with the proprietor of beneficiary firm M/S Ess Que Furniture works, by abusing their official positions illegally and dishonestly conferred undue pecuniary advantage upon the proprietor of beneficiary firm M/S Ess que furniture Works.

The Engineering Wing of ACB, as such projected a total loss of Rs. 2,12,295 on account of civil works so executed based on sanctioned scheduled rates (SSR) and against installation of 04 Nos ACs, make carrier cassette design concealed type 1.5 TR configuration/working on remote system, based on rates for the said ACs provided by - carrier company. The loss to the state exchequer on account of electrical/renovation/interior works was estimated as Rs.2,12,295.

Accordingly, the instant case was registered in P/S ACB under the above mentioned sections of law and the investigation was initiated.

Special Judge Anticorruption Jammu Haq Nawaz Zargar after hearing APP Amir Ali Mansoor for the ACB whereas Sr. Adv Rahul Pant with Advocate Manik Khajuria for the alleged accused, observed that From the perusal of the charge sheet and the documents submitted there with and upon consideration of the oral submissions made by both sides and keeping in view the propositions of law laid down by the Supreme Court in the cases supra, this Court is of the opinion that prima facie, offence punishable under Section 5(2) read with Section 5(1) (d) Prevention of Corruption Act Svt. 2006 and Section 120-B RPC are made out against the accused persons.

### CM flags off...

The Chief Minister also referred to his Budget Speech, in which he had announced free ridership for women in government transport, including Smart City e-buses.

"During the budget, we made a special announcement for women that our RTC buses and Smart City e-buses would be free to use after 1st April. Today, we started the service with the hope that it will be easier for them to travel, whether it is for education, shopping, work or sightseeing," Omar Abdullah said.

"We hope that they will be able to travel all over Jammu and Kashmir in a safe environment," he remarked. The scheme, which was first announced on March 7 during the Chief Minister's Budget Speech, is part of a broader series of pro-women and pro-poor initiatives aimed at fostering social and economic empowerment.

Accompanying the Chief Minister at the launch event were Minister for Social Welfare Sakeena Itoo, Minister for Transport Satish Sharma, Advisor to CM Nasir Aslam Wani, MLA Zadibal Tanveer Sadiq, along with senior government officials, including Commissioner Secretary Housing & Urban Development, Transport Commissioner J&K, Commissioner Srinagar Municipal Corporation (who is also CEO Srinagar Smart City Limited), Deputy Commissioner Srinagar and Managing Director State Road Transport Corporation.

Meanwhile, Deputy Chief Minister, Surinder Chowdhary launched a free bus service for women across the region.

The initiative included both the electric buses and Jammu and Kashmir Road Transport Corporation (JKRTC) buses. This will ensure safe, accessible and cost-free travel for women, including working professionals, students and daily commuters.

The launch event, held in Jammu, was attended by the Commissioner Jammu

Municipal Corporation (JMC), along with senior officers from the concerned departments.

The Deputy Chief Minister flagged off the service, marking fulfilment of yet another key promise of the present government.

Speaking to media persons at the event, the Deputy Chief Minister emphasized the government's commitment towards addressing the needs of the people of Jammu and Kashmir. "Since formation of present government, we have worked tirelessly to deliver on our promises, including restoration of statehood, protection of jobs and land, provision of free electricity and now this free bus service for women," he stated. He added that the initiative reflects the administration's efforts towards alleviating the travel burdens faced by women besides promoting their empowerment.

During the flag-off ceremony, the Deputy Chief Minister interacted with the women passengers, reiterating the government's dedication towards resolving long-standing issues in the region. "This is a step towards ensuring women's safety, convenience and inclusion in public spaces. We are committed towards addressing all genuine concerns of the people of Jammu and Kashmir," he said.

To avail the free service, the women only need to show their Aadhaar cards to the bus conductor upon boarding any government-operated bus, including e-Buses. The JKRTC has streamlined the process by equipping the conductors with POS machines to register passengers efficiently by entering their Aadhaar details.

This pioneering initiative is expected to set a benchmark for women-centric policies in the region, fostering greater mobility and independence for women across Jammu and Kashmir.

### Kejriwal accommodating tainted ...

Such divisive forces have been trying to ignite divisive forces by spreading a false and misleading narrative about Hindus and Sikhs, Chugh said.

Taking a dig at the Bhagwant Mann government, Chugh regretted that in every sphere of the state administration a calculated attempt was being made to "fix AAP leaders from Delhi".

He said even in religious bodies Delhi-based AAP leaders were being accommodated as if there were no leaders in Punjab.

Chugh took strong exception to how Delhi AAP leader Vibhav Kumar, who has been on bail in the case of assaulting a senior woman AAP leader Swati Maliwal, has been accommodated in Punjab Chief Minister's office as a Principal Secretary.

He said it clearly demonstrates how Arvind Kejriwal has been rewarding AAP leaders who have no respect for women and Punjab Chief Minister Bhagwant Mann is playing second fiddle to Kejriwal.

Chugh warned the Bhagwant Mann government against such moves which would send disturbing signals to the Punjab officials.

operations were launched at first light on Tuesday morning. Operations in progress", the Army's Rising Star Corps said on its X handle.

"Acting on intelligence inputs, multiple surveillance-cum-ambushes were deployed in general area Panjirthir Kathua by Indian Army, Police and CRPF. Suspicious movement was observed on the night of 31 March, leading to an exchange of fire," it added.

On Monday, the operation -- by a team of officers from the Army, Police, NSG, CRPF, and BSF -- was carried out in the forested belts of Rui, Juthana, Ghati, and Sanyal in the Rajbagh region, as well as parts of Billawar, officials said.

The night before, three suspicious persons dressed in black robes and carrying bags had entered the house of a villager, named Shanker, in Rui village and asked a lone elderly woman for water.

Before fleeing, they barged into her kitchen and took away 'rotis' and 'sabzi'. They also tried to give her two Rs 500 notes before escaping. She refused.

Security agencies say it is difficult for terrorists to survive without a network of overground workers (OGWs) who provide them with food, shelter, and guidance.

The forces have picked up six persons, including some women from one family, for questioning, as it is alleged they provided assistance to terrorists operating in the region, the officials said.

The detained individuals allegedly belong to the family of suspected overground worker (OGW) Mohammad Latief, who is already in jail under the Public Safety Act (PSA), for aiding terrorists in Malhar during an attack on an Army truck last year, in which six soldiers lost their lives.

The slain terrorist Abu Tala is also believed to have stayed at Latief's house.

He added, "I am proud to say that, this year, the pass remained closed only for 33 days -- the shortest duration ever."

Located at an elevation of 11,643 feet on the 434-kilometre Srinagar-Leh National Highway, the Zojila Pass serves as the lifeline between the Kashmir valley and Ladakh.

The pass normally closes by November-end every year with the onset of winter, when temperatures dip to sub-zero, and opens by mid-April the following year. Average closure of the pass in previous years had been 135 days.
