Anti-Pak protests continue in Jammu against attack on soldiers in Rajouri

■ **STATE TIMES NEWS**
JAMMU: Several anti-Pakistan protests against the martyrdom of five elite para commandos by terrorists were staged across Jammu for the second day on Saturday as DPAP chairman Ghulam Nabi Azad called for necessary measures to stamp out terrorism from Jammu and Kashmir.

Shiv Sena Dogra Front, Rashtriya Bajrang Dal and IkkJutt Jammu also staged separate protests in the city, demanding action against Pakistan to avenge the martyrdom of the troopers. "The latest martyrdom of five soldiers is the third major incident in Rajouri district this year. Though the overall security situation is under control and militancy is almost finished, the incidents in Rajouri and Poonch belt are a cause of concern for all of us," Azad, a former chief minister, told reporters on the

Activists of Dogra Front Shiv Sena and Bajrang Dal staging protest against Pakistan in Jammu.

sidelines of an event here. He hoped that the Centre and the J&K administration would take necessary measures to ensure no such incidents are repeated. "Over the past few decades terrorism in Jammu Kashmir has consumed precious lives and we all need to stand against it and condemn it in strongest words," Azad said. He said terrorism deserves the highest level of condemnation by all people and the time has come when it needs

to be rooted out once for all. Senior BJP leader and MP Jugal Kishore Sharma said the highest sacrifice of jawans in a terror attack cannot be forgotten and soon a befitting reply would be given to terrorists by the armed forces. "Pakistan and its terrorists are trying to show their existence by carrying out such ghastly acts. They are trying to disturb the peaceful atmosphere," he said, attending the last rites of one of the fallen

soldiers, paratrooper Neelam Singh, in Akhnoor belt on the outskirts of Jammu. J&K Pradesh Congress Committee spokesperson Jahanzaib Sirwal, who also joined the last rites of the soldier, said the frequent attacks by terrorists reflect the ground situation in the Union Territory. "We express solidarity with the families of the brave-hearts who laid down their lives for the nation and salute their sacrifice. This is the sec-

ond major attack on the Army within two weeks, resulting in the loss of 10 precious lives," he said. Sirwal said the BJP-led government owes an explanation to the nation as it has been claiming that terrorism has ended after the abrogation of Article 370 in 2019. The Jammu Chamber of Commerce and Industry also condemned the killing of the soldiers and demanded neutralisation of terrorists and their ground workers.

Special drive carried out in Jammu to check illegal supply of psychotropic drugs

■ **STATE TIMES NEWS**
JAMMU: To prevent illegal supply of addictive synthetic drugs, a special team of drug controllers on Saturday conducted surprise checks at godowns of various courier service providers in Jammu, officials said. Officials said the state Drugs And Food Control Organisation sleuths also cross-checked whether the pharmaceutical consignments were being transported to Jammu and Kashmir as per the rules. They said drugs worth Rs 90,000 that were being transported in contravention of the rules were seized on the spot. Notices have also been served to the defaulters

and licenses of a couple of firms have been cancelled. The officials said representatives of courier service providers were told to follow the SOPs when handling pharmaceutical products and inform the department regarding suspicious consignments. State drugs controller Lotika Khajuria said illegal flow of habit-forming drugs supplied from other states, either manufacturing states or consumer states have emerged as a "big challenge". The department has issued strict instructions that the purchase, sale and distribution of certain habit-forming drugs could not be done

without a written order of the purchaser. The trade fraternity has once again been impressed upon not to procure lesser-known brands of such drugs directly from outside the Union Territory, Khajuria said. Deputy Drugs Controller, Jammu, M I Palla said the administration has constituted committees to keep a check on trafficking of habit-forming drugs so that the public at large could be safeguarded from intoxication. The field functionaries have been directed to keep strict vigil on movement of such drugs and checks are being conducted randomly in this perspective, he said.

Trailer of movie 'Welcome to Kashmir' released in Srinagar

■ **STATE TIMES NEWS**
SRINAGAR: The trailer of "Welcome to Kashmir", touted to be Kashmir's first movie for Bollywood, was unveiled on Saturday by Tourism Secretary Syed Abid Rasheed Shah. Directed by Tariq Bhat, the film aims to showcase the Valley and its people in a positive light. It focuses on women empowerment and the fight against drug abuse. Secretary Tourism said it was heartening to see a film highlight pivotal social issues. "This (drug menace) is a social issue across the world. It is the responsibility of all of us, rather than just one department or the government, to ensure that our society works very hard towards eradication of this menace," Shah said at the trailer launch at Inox Cinema here. "Welcome to Kashmir" revolves around a girl who dreams to work for women empowerment and women safety in Kashmir. It features newcomers Mateena Rajput and Ahmad Shahab. "As a Kashmiri artist, it is a huge thing for me that the trailer of the movie was launched today. The reopening of cinemas Inox multiplex in Sonwar area of the city here has helped the local artists as well. The movie is about fighting drug addiction, and women empowerment. It has touched Kashmiri culture. I hope the people will like the movie," Rajput told PTI. She said the Jammu and Kashmir's administration's new film policy has helped attract filmmakers to the Valley and promote local artists. "As an artist, we feel that we can do something now," she added. "Welcome to Kashmir" is scheduled to be released on May 26.

Live streaming of court proceedings has flipside, judges need to be trained: CJI

■ **STATE TIMES NEWS**
CUTTACK: CJI DY Chandrachud on Saturday said live streaming of court proceedings has flipside and judges need to be trained as every word they say is in the public realm in the age of social media. Addressing the National Conference on Digitisation, Paperless Courts and e-initiatives at the Odisha Judicial Academy here, CJI Chandrachud said courts across the country are likely to become paperless soon.

"We have been using Artificial Intelligence (AI) for transcription of the proceedings of the Constitution Bench of the Supreme Court. The transcript is provided to lawyers to clean up any errors," he said. "AI is replete with possibilities. How do you expect a judge to digest the evidence in a statutory appeal in a record involving 15,000 pages? AI can prepare the entire record for you," he said, adding that many courts across the world were

experimenting with AI. However, CJI Chandrachud said AI has a flip side as well. "For instance, it would be very difficult in allowing artificial intelligence to tell us what sentence to hand down following a conviction in a criminal case," he said. The CJI said most high courts in the country are live-streaming proceedings. "There are clips on YouTube of a Patna High Court judge asking an IAS officer why he was not appropriately dressed,

or a Gujarat HC judge asking a lawyer why she was not prepared with her case," he said. In the same vein, he said, "Many funny things are going on in YouTube which need to be controlled, because this is serious stuff and what happens in the court is extremely serious." The CJI said that live streaming has a flipside as well, and judges need to be trained as every word that they say in court is in the public realm in the age of social media.

"We realise this when we live stream constitution bench arguments," he said. Very often citizens don't realise that what judges say in the course of a hearing is to open a dialogue, he added. The CJI said the purpose of pitch-forking technology is not to place the justice system away from the people but to reach out to the common citizens of the country. "The digital infrastructure we intend to create is firstly paperless courts. Secondly, virtual courts and Delhi has

been leading in virtual courts, particularly in the area of traffic challans," he said. The total outlay for phase 3, 2023-27, for the digitisation process is Rs 7,210 crore, he said. "The outlay for phase 1 and phase 2 was just a fraction of phase 3, and look at the enormity of the fund which the Government of India is now providing," he said. "When we pitched for this budget, not a single rupee was cut by the Union government," he added.

Police conducts search at terrorist's house in Kulgam

SIU team during search at house of Hizbul Mujahideen terrorist in Kulgam.

■ **STATE TIMES NEWS**
SRINAGAR: The Jammu and Kashmir Police on Saturday conducted a search at the house of a Hizbul Mujahideen terrorist in Kulgam district, officials said. The search operation was carried out by the Special Investigation Unit (SIU) of the Jammu and Kashmir Police as part of its crackdown on terror elements, they said. SIU Kulgam conducted a search at the residential premises of Abdul Gani Bhat, father of terrorist Farooq Ahmad Bhat alias Nali, at Chek Desan Yaripora, a police spokesperson said. Bhat is

an active terrorist of the proscribed terror outfit HM and is wanted in several terror-related cases, he said. The search was conducted after a special judge of a designated National Investigation Agency (NIA) court in Kulgam issued a search warrant in one of the cases, the spokesperson said. The case pertains to the killing of five non-local labourers at Katrosa Kulgam in 2019. The SIU is investigating the case and has been conducting searches and investigations to bring the perpetrators to justice, he added.

No legal system can have scenario where one keeps raking up resolved issue repeatedly: SC

■ **STATE TIMES NEWS**
NEW DELHI: The Supreme Court has said that no legal system can have a scenario where someone keeps on raking up an issue repeatedly once it is resolved at the highest level and termed it a "complete wastage of the judicial time". The remarks came as the apex court dismissed with a cost of Rs 10,000 a plea filed by a man noting that

he was dismissed from service and the matter stood closed in 2004. It noted that a review petition in the matter was also rejected. A bench of Justice S K Kaul and Justice Aravind Kumar said the petitioner has not filed a curative plea but a writ petition under Article 32 of the Constitution claiming that injustice has been done to him and the matter should

be reopened. Article 32 of the Constitution gives individuals the right to move the Supreme Court for justice when they feel their fundamental rights have been infringed. "No legal system can have a scenario where a person keeps on raking up the issue again and again once it is resolved at the highest level. This is a complete waste of judicial time," the

bench said in its order passed on May 1. "We, thus, dismiss this petition with costs, though we limit the amount of cost considering the petitioner is a dismissed person," it said. The bench directed that the cost of Rs 10,000 be deposited with the Supreme Court Advocates-on-Record Welfare Fund to be utilised for the Supreme Court Bar Association (SCBA) library.

Awareness camp held for Fruit Growers at Panchari Chulna

■ **STATE TIMES NEWS**
UDHAMPUR: A farmers' awareness camp was organised at Panchayat Chulna, Panchari, where information about HADP, PMFME, Subsidy on Grading/Packaging and other schemes of Department of Horticulture Planning and Marketing was disseminated among growers. Apart from PRIJs, a number of growers, Manager of Panchari branch of J&K Bank and officials of Horticulture Department,

including Assistant Grading & Marketing Officer and Grading/Marketing Inspector were present on the occasion. During the camp, a demonstration on grading lines for apples and walnuts was given. The AGMO Udhampur deliberated on the schemes of RBSEI, Grading lines and PMFME. Resultantly one case under PMFME and one case for walnut grading line under HADP were identified which will be registered shortly on respective portals.
