JKTF appeals to CM to release pending GP Fund Liability, other dues

■ **STATE TIMES NEWS**

JAMMU: The Jammu and Kashmir Teachers Forum (JKTF), Affiliated with All India Secondary Teachers Federation (AISTF) representing thousands of educators across the Union Territory, has made a heartfelt appeal to the Chief Minister-who also holds the portfolio of the Finance Ministry-for the immediate release of the long-pending General Provident Fund (GPF) bills and other financial entitlements of employees.

In a statement issued today by UT Spokesperson Joginder Singh Thakur, it was stated that the UT President of JKTF, Mohammad Ashraf Sheikh, expressed deep anguish over the inordinate delay in the disbursement of GPF bills.

"It is extremely unfortunate that teachers are being denied their own hard-earned money

at a time when they are in dire need. Ailing parents are left without medication, children are unable to purchase notebooks or pay school fees, and in some tragic cases, even the marriages of daughters have been postponed," Sheikh said.

He further highlighted that apart from GPF liabilities, other pressing dues-including 1% House Rent Allowance enhancement (HRA), from 1 jan. 2024 enhancement of CEA rates from jan. 2024 2% Dearness Allowance (DA), and MDM liability-remain unpaid, worsening the financial distress of thousands of teaching professionals.

"The government must understand the gravity of this crisis. The teaching community, which serves as the backbone of our education system and society, is being pushed into humiliation and helplessness. We respectfully urge the Hon'ble Chief Minister to prioritize this issue and ensure

ASI, SJTA to undertake joint initiatives to preserve Puri Jagannath temple's architectural heritage

■ **STATE TIMES NEWS**

BHUBANESWAR: The Shree Jagannath Temple Administration (SJTA) in Puri and the Archaeological Survey of India have agreed to undertake collaborative initiatives to preserve the 12th-century shrine's architectural heritage and structural integrity, officials said.

SJTA chief administrator Arabinda Padhee and ASI Director General Yaduvendra Singh Rawat on Saturday held discussions on the conservation efforts for the Puri Jagannath temple, they said.

"The meeting focused on efforts to preserve the temple's architectural heritage, structural integrity and cultural significance," a release issued by the SJTA said.

Both ASI and SJTA emphasised the importance of their partnership in safeguarding the iconic religious and cultural landmark, it said.

"I had a productive meeting with the Director General of the ASI and his high-level team. We discussed in detail some of the ongoing and future conservation initiatives for Shree Jagannatha Temple," Padhee said in a post on X.

The meeting also focused on critical restoration work to be taken up in the 'Garbha Griha' (sanctum sanctorum) during the upcoming Rath Yatra from June 27.

Deliberations were held on the remaining conservation and repair work of the 'Ratna Bhandar' (temple treasury), and early completion of the ramp system for facilitating aged and specially abled devotees. Provision for air-conditioning in the 'Nata Mandapa' (dance hall), facade lighting of the temple and conservation work at the 'Jagamohana'

that funds are released without any further delay," he added.

JKTF has consistently raised these matters through various forums, but with little result. The continued apathy is not only demoralizing but is also impacting the efficiency and wellbeing of the teaching fraternity.

"JKTF" remains committed to constructive engagement with the government. However, it is high time that the legitimate and rightful demands of teachers are addressed with seriousness and urgency," Sheikh concluded.

During the meeting, Rakesh Singh expressed strong resentment over the inordinate delay in the Departmental Promotion Committee (DPC) for promoting teachers to the posts of masters and lecturers. He

emphasized that the delay, coupled with the vacant posts of lecturers in higher secondary schools, is severely affecting the academic interests of students in government schools.

He further pointed out that the successful implementation of the National Education Policy (NEP) 2020 at the grassroots level is being hindered due to this issue. Singh reiterated that the DPC should be conducted based on 100% DPC quota as a one-time exemption, as per the decision of the State Administrative
