The security cover came about after the Union home ministry approved the cover, expenses for which will be borne by the company.

"JSW Dolvi is located close to the financial capital of

India, Mumbai, and it plays a vital role in the economic growth of not only the surrounding areas but also of the country.

He said an armed contingent of over 70 personnel, headed by an inspector-rank official of the force, will provide security to the 1,500-acre campus and its employees, on a quick reaction team (QRT) pattern where troops are positioned at vantage positions and on vehicles.

The facility is a private five million tonnes per annum integrated steel plant. It is located around 80 km from Mumbai by road and about 36 km from the Gateway of India by sea, the spokesperson said.

JSW Steel is the flagship business of the USD 13-billion diversified JSW Group, which has a presence in sectors such as energy, infrastructure, cement, paints, sports and venture capital. This will be the 13th private sector establishment under CISF cover.
