

Be rational during Stream/Subjects selection in Grade XI: Principal JKPS Kunjwani

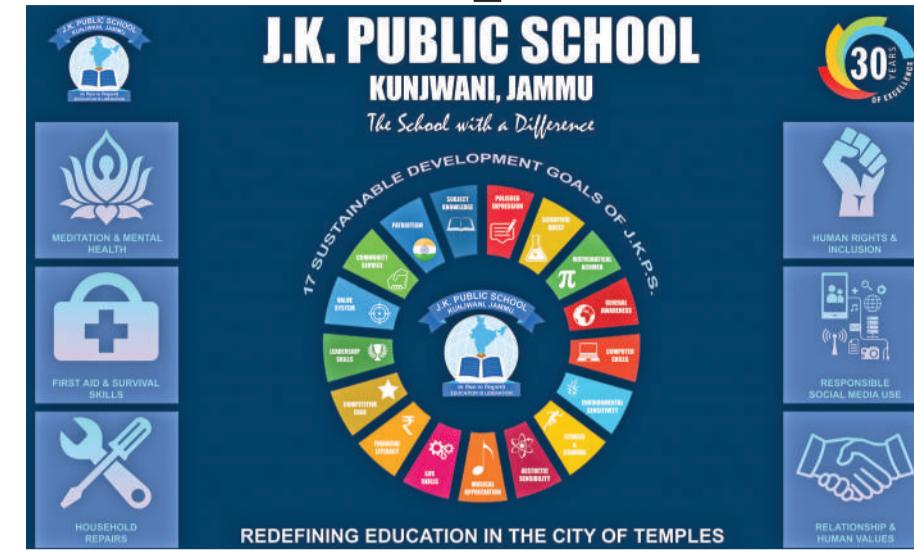

■ STATE TIMES NEWS

JAMMU: "21st Century students may not be subjected to choosing career options that existed during the times when their parents were growing up, that is in the 20th Century. Now children must keep pace with the rapidly changing times" stated the Principal JKPS Kunjwani Rajesh Rathore while speaking to a group of parents and students of upcoming Grade XI.

"In current times, while there is no dearth of information available online, it takes a lot of patience on the part of Institutions and mentors to make a brilliant display of career choices available for children. Principal addressed the parent as well as the students, who are about to embark on their Senior Secondary school journey. He appealed students "to introspect their inner self, aptitude, competence and caliber till date. If their inner-conscience doesn't allow them to pursue a particular Stream or subject(s), then they shouldn't make up their minds at all. They must listen to their inner-self, as natural interest in the pursuit of any course of life fetches fruits beyond expectations".

"However, opting for any particular Stream, which goes beyond the comprehension level or liking of a student, then it never brings the desired results", added the Principal.

"A child is the extended self of his/her parents. Whatever parents failed to achieve, they wish to achieve that through their children.

Parents should never impose their decision against the will of their wards. If a child doesn't want to pursue Science stream, then parents shouldn't put pressure on their ward to study Science. He appealed parents to exercise control over their long-cherished unfulfilled desires, as children pay a heavy price, while fulfilling the wish of their parents under pressure", the Principal added further.

Highlighting the importance of the streams available, the Principal started with the stream of Humanities, as a student gets to

study History, Geography, Political Science, Economics, Psychology, Sociology, Language & literature. Humanities can be a great choice for searching of career in diversified areas, as the wide range of subjects offers great career options, namely, the most coveted UPSC exams, Management (CAT), Judiciary (CLAT), Mass Communication, Hospitality industry, Politics etc. .

Commerce field is all about learning and studying subjects related to trade, business, finance, and economics. This is also one of the

most preferred streams of education by students who wish to embark upon a career or profession into MNCs, Banks or even entrepreneurship. The important subjects to study in these fields are English, Business Studies, Economics, Accounts, Applied Mathematics and Computers, Physical Education. Aspirants may search their career in various avenues, namely, as Chartered Account, ICWA, Company Secretary etc.

Science has always been the most sought after & fascinating among all the streams to study in, but it's also very challenging, as the science subjects demand a high IQ level. It's a stream that can be pursued and perfected only with competence and dedication. The main subjects to study in science are Physics, Chemistry, Biology and Mathematics.

Calling oneself a Science student and touching the bottom after every round of Home exams is never a big deal. Quoting Dr. Verghese Kurien, the Milk Man of India, on the occasion the Principal stated, "Whichever field you choose for yourself, always stay on the vertex".

Boosting the morale of students, he cited several examples, wherein students achieved their goals. He quoted the examples of JKPS alumnus, who are doing fabulous across the globe. He promised parents on behalf of JKPS family to extend the best possible support to children, if they hold a rational view while finalizing the stream/ subject selection for their wards.

Sports Festival Gurez, Bandipora Wushu C'ship conclude

Advisor, R.R Bhatnagar posing with winner students.

■ STATE TIMES NEWS

JAMMU: Two-day District Bandipora Wushu Championship, which was part of the Sports Festival Gurez, concluded on Saturday at Dawar Gurez in Bandipora. This championship was organized by Wushu Association of Bandipore under the aegis Wushu Association of J&K. In the closing function of the multi-sport event, Advisor to the Lieutenant Governor, Rajeev Rai Bhatnagar was the Chief Guest while Deputy Commissioner Bandipora, Dr. Owais Ahmad along with Padma Shri, Faisal Ali Dar, SDM Gurez, Commanding Officer (9 Rajput) and Chief Education Officer Bandipora were Guests of Honour. Around 290 boys and girls of different age groups from Gurez Valley took part in this mega event.

Speaking on this occasion, chief guest said, "Sports helps one learn many new things in life. Sports builds good discipline and assists us in building confidence, develops personalities, and maintain mental and physical balance in life. Sports and games help us to tackle and learn about how to overcome difficult situations in life and keeps body relax and mind free from tension." Others guests present in the closing ceremony lauded the efforts of organisers for their cooperation and coordination during Sports Festival Gurez. Earlier, the overall trophy bagged by Ali's Sports Academy Dawar Gurez while second position went to Government High School Wanpora Gurez and Martial Arts Academy Markoot remained third.

APS BD Bari students declared as Olympiad toppers

Aarav Dogra Bhavik Ahlawat Vihaan Sharma

■ STATE TIMES NEWS

SAMBA: Students of Army Public School (APS) BD Bari have proved the fact that nothing in the world is worth having or worth doing unless it means effort, pain and difficulty.
