STATE TIMES NEWS

UDHAMPUR: Sunil Verma, District President National Conference, Udhampur, has castigated the BJP led Govt in the Centre for the price hike and inflation having broken all the previous records and leaving the common man to suffer on the aforesaid counts.

Addressing a public meeting at village Jonu Tanal, Block Jagannath in Udhampur today, the senior NC leader, while coming down heavily upon the NDA government, accused the Union Government of bringing anti people policies and mishandling the affairs of governance on all fronts. He

said that today a common man has been facing the brunt of inflation, impacting his daily life in every aspect. He said that the BJP Government headed by Narendra Modi had completely failed to take meaningful steps to curb menace of inflation and rise in prices of essential commodities.

The senior NC leader asserted that the pulses which were sold at cost prices between Rs 50 to Rs 60 per kg in the same have been sold in the market at Rs 200 per kg. The LPG cylinder which was sold near about Rs 400 the same has cost crossed Rs 1000 which has made it very difficult for

the women to manage the kitchen affairs especially when the prices of all the essential edible items including the vegetables have been sky rocketing regularly.

Sunil Verma accused the government of having fallen into the habit of making holes in the pockets of common people repeatedly and people now are upset and fed up of the government that they had brought with great hopes. "Even its promises of massive employment and development besides ending terrorism in the Jammu and Kashmir have proved to be hollow and hoax. Now the people feel betrayed and ditched by the BJP and will definitely teach the saffron party a lesson in the elections," he added. Later, Sarpanch of Jonu Tanal, Suram Singh of BJP along with his supporters joined the National Conference. Verma welcomed into the party fold and hoped that their joining will strengthen the base of the party.
