

Aptitude & caliber form basis of Stream/subjects selection in Grade XI: Principal JKPS Kunjwani

■ STATE TIMES NEWS

JAMMU: "21st Century students may not be subjected to choosing career options that existed during the times when their parents were growing up, that is in the 20th Century. Now children must keep pace with the rapidly changing times" stated the Principal JKPS Kunjwani Rajesh Rathore while extending a warm welcome to students of coming Grade XI and their parents.

"In current times, while there is no dearth of information available online, it takes a lot of patience on the part of Institutions and mentors to make a brilliant display of career choices available for children. Principal addressed the parent as well as the students, who are about to embark on their Senior Secondary school journey. He appealed students "to introspect their inner self, aptitude, competence and caliber till date. If their inner-conscience doesn't allow them to pursue a particular Stream or subject(s), then they shouldn't

make up their minds at all. They must listen to their inner-self, as natural interest in the pursuit of any course of life fetches fruits beyond expectations". "However, opting for any particular Stream, which goes beyond the comprehension level or liking of a student, then it never brings the desired results", added the Principal.

"A child is the extended self of his/her parents. Whatever parents failed to achieve, they wish to achieve that through their children. Parents should never impose their will on their wards. If a child doesn't want to pursue Science stream, then parents shouldn't put pressure on their ward. He appealed parents to exercise control over their long-cherished desires, as children pay a heavy price, while fulfilling the wish of their parents", the Principal added further.

Highlighting the importance of the streams available, the Principal started with the stream of Humanities, as a student

Principal JKPS Kunjwani, Rajesh Rathore addressing interactive session.

gets to study History, Geography, Political Science, Psychology, Language & literature, Journalism and Mass Media. Humanities can be a great choice for searching of career in diversified areas, as the wide range of subjects offers great career options, namely, the most coveted UPSC exams, Management (CAT), Judiciary (CLAT), Mass Communication, Hospitality industry, Politics etc..

Chartered Account, ICWA, Company Secretary etc.

Science has always been the most sought after & fascinating among all the streams to study in, but it's also very challenging, as the science subjects demand a high IQ level. It's a stream that can be pursued and perfected only with competence and dedication. The main subjects to study in science are Physics, Chemistry, Biology and Mathematics.

Calling oneself a Science student and touching the bottom after every round of Home exams is never a big deal. Quoting Dr. Verghese Kurien, the Milk Man of India, on the occasion the Principal stated, "Whichever field you choose for yourself, always stay on the vertex".

Boosting the morale of students, he cited several examples, wherein students achieved their goals. He quoted the examples of JKPS alumni, who are doing fabulous across the globe. He promised parents on behalf of JKPS family to extend the best possible support to children.

Talent Hunt 2022 serves in tapping raw talent: JKCA

Bachan, Arooj, Oman, Sahil, Rhytham win laurels

■ STATE TIMES NEWS

JAMMU: Breaking the jinx of picking the players mainly from the headquarters of Jammu and Srinagar, the Talent Hunt 2022 has served as a launching pad in tapping raw talent as all the five special awardees including best batter, best bowler, best all-rounder, best wicketkeeper and most promising player in the recently concluded Under-19 Men's One-Day Tournament belonged to the far off areas of Union Territory of Jammu and Kashmir.

Bachan Singh, who was adjudged as the best batter of the tournament, is from far off place in Rajouri district. A left-handed batter, Bachan scored a total of 205 runs in four matches, includ-

ing 78 not out, 38, 66 and 23 runs in the finals.

Oman Fayaz, who was declared as the best all-rounder, is from the outskirts in Baramulla district. Right-arm medium pacer took 7 wickets in three matches, with 1 each in the matches played earlier and captured 5 important wickets in the finals, besides scoring power-packed cameos of 47, 28 and 18 runs in the three innings.

His hard hitting ability makes him a tough customer.

Right-arm medium fast bowler, Arooj Parvez, who was awarded with the trophy of a best bowler, is from a village in Bandipora district. He bagged a total of 8 wickets in the four matches-1, 2, 4 and 1 respectively. He was impressive with his pace and

swing. Right-handed Middle-order batsman, Sahil Imran, who got the award of most promising (emerging) player of the tournament, is from district Doda. He played 3 matches and scored brisht 25 in the first match, power-packed 76 in the next, studed with 6 sixes and 5 fours and 10 runs off 3 balls with 1 four and 1 six in the finals. He hit the ball with elegance, grace and fluidity.

Wicketkeeper batsman Rhytham Sharma, who was named as the best wicket-keeper of the tournament, is from Poonch. He scored valuable 47 runs in the final match, besides having six dismissals including 2 catches, 2 run-outs and 2 stumpings. Rhytham, however, has already represented JKCA

in Under-19 Vinoo Mankad Trophy and had shown stellar grit and tenacity in his knock of 46 off 34 balls. A Wicketkeeper/ batsman to almost a perfection.

"The Talent Hunt 2022 has completely served its purpose as the hidden raw talent has been unearthed and the myth of selecting the players from Jammu and Srinagar only has been broken," said Brig Anil Gupta, Member-Administration JKCA while expressing satisfaction over the emergence of players

from remote areas.

Senior Advocate Sunil Sethi, Member Legal Affairs JKCA said that the Talent Hunt 2022 has enabled the Cricket Association to pick a big pool of talented cricketers in both men and women section, adding that this timely exercise will help JKCA to select formidable teams for National tournaments as the competition has become healthier.

"The timely shortlisting of players through Talent Hunt 2022 is going to enable JKCA prepare various teams in a befitting manner. The shortlisted players including the awardees have just crossed one ladder. They will have to perform consistently to get the nod of the Selectors for final selection.

Now, we have an ample time to prepare the teams and mould raw talent into gold," said Mithun Manhas, Member Cricket Operations and Development JKCA.
