Prominent among those present on the occasion include Ex. Sarpanch Mohd Shafi jagal, Mohd Akram, Shoket Hussain, Lal Mohammad, Mutraj Ali, Lamardar Mohd Nazir beside others. Speaking on the occasion, Bhalla said border district of Poonch during last nine years has remained worst example of neglect in terms of basic

amenities as the people of this area are faced with multiple chronic problems. Govt has done nothing to improve the facilities for the general public and there is much more to do not only to meet the aspirations of the people but remove those basic chronic problems which the public is facing. He said there was no change at all as far as the water, power supply and the road conditions are concerned. Moreover, health condition in most of the hospitals and educational institutions is also not good. Worst is the condition of most of the lanes and roads in the area and no repair or maintenance work is witnessed here. Many local-

ties are facing acute water shortage while unscheduled and long power curtailment has made life of the people hell. Bhalla alleged that people of J&K feel betrayed by the BJP, especially in the name of addressing public issues including high inflation and huge unemployment and good governance. The so called good governance is actually a tool to mislead the people. Govt has lost credibility and is losing ground very fast in J&K. "BJP will have to pay a heavy price for its unfulfilled promises, wrong policies and indifferent attitude towards the people," Bhalla said. Appealing to people not to get swayed by "false propaganda" of the BJP and stand against the "divisive, wrong and anti-people policies" of the BJP, JKPCC Working President assured that his party would continue to work for the well-being of the people, despite the "concocted and false propaganda" unleashed by the BJP against it.
