## Poor continue to suffer in scorching heat, no sympathy from UT Govt: Sawhney

**STATE TIMES NEWS**  
JAMMU: Former Minister J&K and senior Congress leader Yogesh Sawhney on Thursday in a statement heavily condemned the UT Government for cutting off power connections of poor households in Jammu and Kashmir amidst the peaking heat leaving people in extremely distressing situation. Sawhney asserted that it is deeply saddening that the UT Government has shamelessly cut off electricity in poor households when the temperature is exceeding 44° in Jammu. On the other hand, it is alarming that ex-MPs, legislators, ex-bureaucrats continue to occupy government premises and consume government resources. Many of them who have vacated government quarters still owe lakhs in electricity bills and yet the UT Government has put no pressure on them. The poor and helpless are being forced to suffer, this treatment of the poor and

the middle class by the UT Government under the umbrella policy of the BJP at the Centre is inhumane; they fail to show any sign of mercy or empathy. The former Minister said that people should be enraged by this extremely and blatantly unfair behaviour. It is not being said that the UT government must excuse the defaulters for nonpayment of bills, but it is not illogical to assume that those who reel under extreme poverty, fueled further by inflation and unemployment must be given some benefit of doubt, some sort of relief. More than that, why is the UT government sparing the privileged class from the same pressure. An estimation of Rs. 114 Lakh is owed to the power department by this class of people and yet we do not see them suffering or their

connections being taken away. The VVIP defaulters are being saved while the poor are meeting the blunt force of the UT Government's actions. It is distressing to think that the people will live in the scorching heat in such condition, without any power. The mercury continues to rise each day and this will affect the health of the children and the elderly most. Is it not the government's responsibility to take care of them, money should be secondary, but health of our people must come first. The pending bills from the VVIP defaulters must be recovered, if the UT government is desperate for money. The BJP government at the Centre must realize it's responsibility with respect to the governance of the UT. And the UT government must wake up to the plight of the people of Jammu and Kashmir, Sawhney said.
