

JKEDI trains 228 aspirants, including 107 women under RAMP scheme

STATE TIMES NEWS

JAMMU/SRINAGAR: The Jammu and Kashmir Entrepreneurship Development Institute (JKEDI) on Saturday successfully concluded its first batch of Entrepreneurship and Skill Development Programs (ESDPs) in eight districts of Udhampur, Anantnag, Bandipora, Budgam, Ramban, Shopian, Reasi and Kulgam under the Raising and Accelerating MSME Performance (RAMP) scheme.

Launched on May 5, 2025, the four week programs trained a total of 228 aspiring entrepreneurs, including 107 women, reflecting a significant step towards gender inclusivity in the region's entrepreneurial ecosystem. The intensive 104-hour curriculum aimed at enhancing the managerial, financial and strategic capabilities of the participants through classroom sessions, field visits, expert interactions and practical workshops. The ESDP curriculum, developed by the domain experts, featured modules on business planning, marketing strategies, digital tools, financial literacy, legal compliance, innovation and leadership. The participants also benefited from mentorship sessions, case studies and real-world exposure through field visits to successful business ventures. Valedictory sessions were held at all three locations. Besides, subject matter specialists from District Industries Centres and the Labour and Employment Department provided sector-specific inputs, adding value to the participant learning experience. The successful completion of these ESDPs is expected to have a positive impact on the entrepreneurial landscape of Jammu and Kashmir, contributing to the creation of competitive, innovative and job-generating enterprises that will drive sustainable regional economic growth.

UNIVERSITY OF JAMMU

Design Your Degree

An innovative Four-Year Undergraduate Program

Designed in consultation with the leading experts from Academia, Industry, Artificial Intelligence and Robotics, Startups, Art and Design

Key Features

- Flexible and Innovative Curriculum: Empower students to design interdisciplinary academic pathways aligned with their interests and NEP 2020 Principles.
- Innovative Teaching Methods: Utilizes modern pedagogical approaches such as project-based learning, flipped classrooms and digital tools.
- Industry and Global Exposure: Offers internships, collaborative opportunities and global competence to prepare students for versatile career paths.
- Student-Centric and community-Oriented: Tailored learning experiences and community outreach programs foster leadership, adaptability and societal impact.
- Skill and Career Development: Encourages critical thinking, entrepreneurship, and skill-building to create job-ready or entrepreneurial graduates.
