### ■ STATE TIMES NEWS

JAMMU: Balbir Ram Rattan, spokesperson of the Bharatiya Janata Party (BJP), Jammu and Kashmir, and former Vice Chairperson, stated that the Constitution of India - a monumental contribution of Dr. B.R. Ambedkar - has provided equal opportunities for Scheduled Caste (SC) individuals to reach top positions like District Magistrate (DM), Chief Minister (CM), and even Prime Minister (PM). He said this constitutional framework stands as a symbol of social justice, equality, and inclusiveness.

He made these remarks during a meeting with key

party workers from the Scheduled Caste community, where he discussed the provisions made by Dr. Ambedkar in the Constitution for the upliftment of marginalized communities. Balbir said that under various articles of the Constitution, every citizen has the right to progress in education, employment, business, and public life without any discrimination. He emphasized that Dr. Ambedkar ensured the inclusion of such provisions that enabled socially disadvantaged groups to integrate into the mainstream.

He added that in the past, when caste-based discrimination was at its peak, it was

extremely difficult for a dalit to even attain an education. But in today's India, a person from a Scheduled Caste category can not only become a district officer through administrative services but can also rise to the highest offices like Chief Minister and Prime Minister.

Balbir further asserted that this transformation has only been made possible due to the Constitution, which prioritizes equality and social justice. He urged the youth to embrace education as their most powerful tool and to make positive contributions to society by utilizing the rights guaranteed by the Constitution.

He also appreciated the welfare schemes launched by the Central Government under the leadership of Prime Minister Narendra Modi, which are focused on uplifting dalits, backward classes, and the underprivileged.

## Caste Census a historic step for inclusive and equitable India: Sunil Prajapati

### ■ STATE TIMES NEWS

JAMMU: Sunil Prajapati, State President of BJP OBC Morecha, Jammu & Kashmir, has strongly welcomed the historic decision of the Modi Government to conduct a nationwide caste census - the first since independence - calling it a bold, inclusive, and transformative step toward building a more just and equitable India. Prajapati said this initiative will uncover the real social structure of the nation, enabling accurate, data-driven policies for all communities - including OBCs, Scheduled Castes (SCs), Scheduled Tribes (STs), Economically Weaker Sections (EWS), and underserved groups within the general category. He strongly criticized the Congress and National Conference for decades of manipulation and injustice in Jammu & Kashmir, saying, "These parties consistently denied constitutional rights to large sections of society, especially OBCs, and diverted their rightful share to other groups for political benefits." Prajapati highlighted that it was only under the leadership of Hon'ble Prime Minister Shri Narendra Modi Ji that OBC status was officially granted to Jammu & Kashmir in December 2023, following the abrogation of Article 370 - a historic step no previous government dared to take. He emphasized that the caste census will serve as the foundation for reforming reservation policies, improving welfare distribution, and ensuring fair political representation through the delimitation process. "This is not about caste politics - this is about truth, justice, and equal opportunity. The Modi Government is correcting historic wrongs and laying the foundation for a more inclusive future," said Prajapati.
