Kesri demands J&K Govt to upgrade Arnia Hospital on a priority basis

SSH President, Rajesh Kesri speaking in a meeting.

■ STATE TIMES NEWS

ARNIA: A meeting was held by Shiv Sena Hindustan members in Arnia, under the chairmanship of Jammu and Kashmir President Rajesh Kesri.

The meeting highlighted the need for upgrading the Arnia Hospital to provide better healthcare facilities to the local population.

The meeting was attended by several prominent members of Shiv Sena Hindustan, including state Vice-President Balbir Kumar, Balwant Fouji, Sanjeev Sharma, Ashok Gupta and others.

The organization has urged the government to take immediate action to address the healthcare needs of the people in Arnia and ensure that they receive quality medical care.

Kesri emphasized the need for a dedicated gynecology department with at least five delivery rooms and a specialist gynecologist to cater to the healthcare needs of women in the region.

He highlighted the challenges faced by pregnant women in accessing timely medical care, particularly in emergency situations.

Kesri pointed out that the people of Arnia, being a border area, face significant difficulties in accessing medical facilities in Jammu, especially for expectant mothers.

Kesri has demanded that the government upgrade the Arnia Hospital on a priority basis to ensure the safety and well-being of mothers and children. He emphasized that maternal

healthcare is a critical aspect of public health and that the government needs to take immediate action to address the gaps in healthcare services in the region.

He said Jammu and Kashmir government should prioritize healthcare in border areas, ensuring that residents have access to quality medical facilities and services, said Kesri.

Kesri demanded key considerations include healthcare services should be easily accessible to people living in border areas, with minimal travel time and adequate transportation options.

Border areas require robust emergency care services, including ambulance services and emergency response systems.

The government should ensure that specialized care services, such as gynecology, pediatrics, and surgery, are available in border areas, added Kesri.

Kesri observed that healthcare infrastructure in border areas should be strengthened, including hospitals, clinics, and community health centers. The government should ensure that border areas have an adequate healthcare workforce, including doctors, nurses, and other healthcare professionals.

By prioritizing healthcare in border areas, the Jammu and Kashmir government can improve the health and well-being of residents, reduce healthcare disparities, and promote overall development in these regions, said Kesri.
