Poem — Only they are mine — My Parents

When everyone is there, concerned with their own lives,
Only they are here with me,
Not concerned about themselves,
But with my life only.

When everyone is against me,
Only they are with me,
And as they believe me and know me well,
Are enough against any number of people against me,
And also prove me,
Transforming all people to be in favour of me.

When everyone hates me,
And have hatred for me,
Their love is enough to heal me,
And even making them to love me.

When everyone fires on me with their weapons,
They emerge as a magical invisible shield,
Not worried about themselves,
But safe guarding me only.

When everyone breaks my heart,
And I am just to die,
They become my heart line,
And blessing me to live cheerful long life.

When everyone make fun of me,
Which discourages me,
They improve and motivate me,
And tell me my drawbacks,
Which everyone notices,
But enjoys scene as their source of laugh and enjoyment.

When everyone watches the end, final result,
It only I know,
Their hard work behind me,
And the appreciation which they deserve and not me.

Who am I?
I am just a new one,
They are experienced,
But no one can imagine how will I emerge in future,
But they are indulged in me only,
Doing everything for me, more than they can.

With the grace of God,
Really, they are mine,
A great salute to them for their contributions for me,
And I am blessed to be their son,
My life is fine with them only.

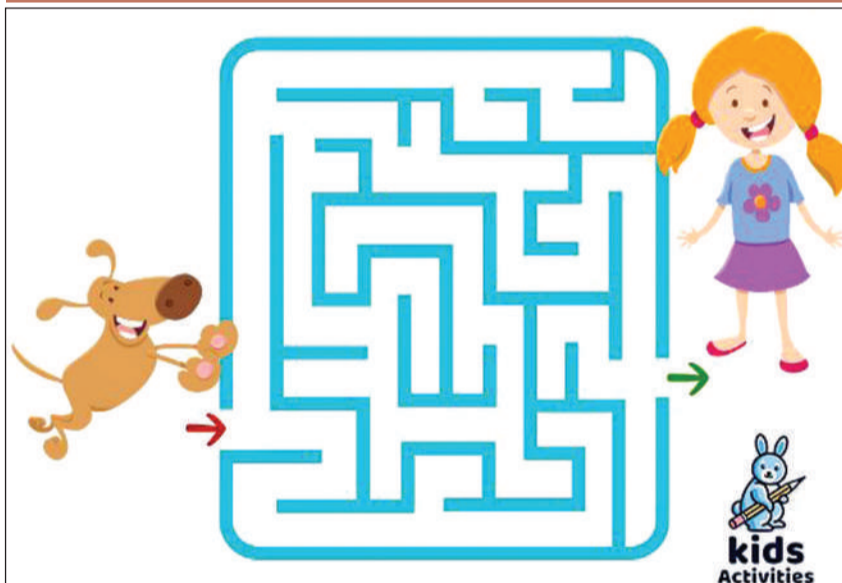

Sahaj Sabharwal.

CAREER AID

Nursery / Pre School Teacher

Teaching involves specialised areas like nursery/ pre school teaching, middle school teaching, high school teaching, special school teaching, teaching at colleges, universities etc. Nursery school curriculum focuses on language, social skills and child development. Nursery teachers are those who specialise in the early childhood development of children. They work with children between the ages of three to five years. Children learn to explore the world around them and work with other children in nurseries. Nursery teachers introduce children to reading, writing, counting numbers as well social interactions. They educate children using basic teaching methods such as showing pictures, storytelling, rhyming, games, music, artwork and play. They also teach them good habits and manners; helps to nurture and develop knowledge, abilities and social skills of children and helps to prepare them for primary school education.

Nursing teaching could be an ideal career for you, if you love children and are committed to giving them a great start in life. But remember that it is a job that requires more dedication, patience, responsibility and sincerity as you are dealing with little ones. The major responsibility of a nursery teacher is to create a home away from home for her students.
