■ STATE TIMES NEWS

SRINAGAR: Researcher teams from the National Institute of Technology (NIT) Srinagar and Sher-i-Kashmir Institute of Medical Sciences (SKIMS) Soura have jointly developed the first patient-specific cranial prosthesis of titanium mesh that will reduce 15 minutes of surgery time.

Professionals from Mechanical Engineering Department NIT Srinagar and SKIMS Soura worked to develop the first patient-specific cranial prosthesis of titanium mesh. They have used available CAD/CAM, Computer-Aided Design and Computer-Aided Manufacturing facilities at NIT Srinagar.

In his message, Director NIT Srinagar, Prof. (Dr.) Rakesh Sehgal extended a greeting to all the members and stated that the institute will always take lead in innovations that will benefit the common masses.

"Over the past several

years NIT Srinagar has signed several MoUs with Institutions across the globe, and the joint collaboration in research is yielding good results. We are committed to serve society through technology, and ease living of common people," he said.

Prof. Sehgal intended that the end-use of education is to give back to society in the form of solutions to various problems.

Institute's Registrar, Prof. Syed Kaiser Bukhari appreciated the team members for

developing the first patient-specific cranial prosthesis of titanium mesh and equipment will be highly beneficial for the patients.

"We need to develop and test solutions; predict outcomes and mitigate harm and make informed policy decisions," he said.

Prof. Bukhari said research and innovation are critical for generating new knowledge, building new infrastructure, and educating innovators and entrepreneurs.

The joint team includes Prof. Abrar Ahad Wani, Prof. Altaf Umer Ramzan, of SKIMS, Prof. Rakesh Sehgal, Director NIT Srinagar, Dr. Sheikh Ghulam Mohammad Ex-Associate Professor, Prof. Sheikh Nazir Ahmed, Prof. Mohammed Farooq Wani, Dr. Mohammad Mursaleen and Ph.D. Scholar Imran Ali.

The patient-specific cranial prosthesis of titanium mesh will reduce 15 minutes of surgery time and was finally successfully implanted in a patient on 1 July 2022 at SKIMS, Soura.

In the project, anatomy was engineered by taking patients' CT scan data as an input, 3D model was developed using MIMICS software and, the prosthesis was designed using 3-Matic software.

The prototype was manufactured on the state-of-the-art computer-controlled Fused Deposition Modeling,

(FDM) machine-Fortus 450mc, Stratasys USA in the mechanical engineering department.

As per the team, the commercially available titanium mesh, Medical Grade 1 was bent on the developed skull prototype made of ABS-M30i to restore the anatomical features of the patient's head who had met an accident a few months before in Kashmir.

"Intra-operative surgery time was reduced to approx. 15 minutes for a defect of size 36 sq. cm2, approximately as the titanium shearing operation traditionally performed by the neurosurgeon was done well before the surgery," the team said. They said the new equipment will reduce 15 minutes of surgery time helped in saving considerable blood loss during the surgery.

The titanium mesh prosthesis was verified by the neurosurgeon after autoclaving, before implantation.

Terrorism on last leg in Kashmir: Yudhvir

■ STATE TIMES NEWS

JAMMU: Yudhvir Sethi, J&K BJP Vice President on Wednesday strongly condemned the killing of a Police Officer Mushtaq Ahmad in a terrorist attack at Lal Bazar yesterday in which two other cops were also suffered bullet injuries.

In a statement issued here today, the senior BJP leader has termed killing of ASI Mushtaq Ahmed by unidentified gunmen as a brutal act, adding that selective killing is the biggest crime of humanity. "His supreme sacrifice won't go in vain. The terrorists responsible for the killing will be punished for the act," he said. Sethi termed the killing of ASI Mushtaq Ahmed as a desperate attempt of Pakistan sponsored militants to fail

ongoing peace process in J&K. "J&K has witnessed destructive politics in the last over 40 years during which the then governments in the region and at Centre showed no spine to contain the situation rather some of those ignited the fire through playing a complacent role," he said.

Sethi said it was the BJP Government led by PM Narendra Modi which took over the reins of the country in 2014 and changed the entire scenario. "The anti-nationals which used to rule the roost have started running for life with many shown the doors of the other world", he said, adding that the BJP Government has tightened the noose around those who were posing to be detrimental for the country. "Today there is no

stone pelting, terror funding has become a thing of the past as accounts of beneficiaries have been sealed and no one in Valley now dares to raise Pakistan flags", he said.

The senior BJP leader said that the rate at which the terrorists are being eliminated in the Valley, the day is not far when the last man with gun in hand will be 'taken care of' by the security forces by either showing him the way to other world or making him stay inside the prison for rest of his life. He asked people of Kashmir Valley to come forward and support policies of Modi Government as only the Central Government headed by the Prime Minister Narendra Modi can eliminate the terrorism from the Kashmir Valley.
