## July 8 incident at Amarnath cave shrine an administrative failure, probe must: Dr Gagan

### STATE TIMES NEWS

JAMMU: Dr Gagan Bhagat, Deputy Chief Spokesperson of J&K National Conference & Former MLA, in a press statement issued on Wednesday, has strongly condemned July 8 incident held at Amarnath cave shrine which left 16 people dead & several others missing. He lambasted at LG Government for not ordering a probe besides trying to cover-up the same. "Cloudburst was not the reason. We call it a cloudburst when there is continuous rain of 100mm in an hour, but on 8th July, it rained heavily for 75mm in three hours which started at 5:30 PM. The IMD has issued warning well in advance & instead of taking a call, the people at

the helm of affairs permitted raising 25 tents & 3 community kitchens at flood basin. This is a criminal act, as when you already knew that there would be heavy rains & the most dangerous place was a flood basin, but just to show numbers that pilgrims are rushing towards Amarnath Yatra in a 'New Peaceful Jammu & Kashmir' made by BJP Government, the warning was ignored," he said.

The further said that on July 28, 2021, Yatra was cancelled, but security forces have erected tents at same river basin, and that time all were rescued. This time, knowing very well that the area is prone to landslides & if it rains there could be a tragedy, why the exercise was repeated. Dr.

Gagan Bhagat further said that LG Government should not just do a formality and doing same as it was in case of December 31 stampede at Shri Mata Vaishno Devi shrine, where several pilgrims died, an inquiry was ordered, and Manoj Sinha has assured that the responsibility will be fixed within
