## Pakistan is a failing state: Rana

### STATE TIMES NEWS

NAGROTA: Senior BJP leader Devender Singh Rana on Saturday said Nation's sovereignty and integrity cannot be challenged and the strong leadership of the country has shown zero tolerance to antinational elements. The decisive leadership of the Nation has amply demonstrated through its actions that those harbouring ill designs against the country will not be spared. Pakistan is a failing state and rather than harbouring terrorism and becoming a haven for terrorists should concentrate on its economy and the welfare of its people.

He said that given the deteriorating economic health of the neighbouring country and its political instability, the day is not far when Pakistan will meet the fate like Sri Lanka. This is bound to happen as the failed state is wading into turbulent waters by channelling all its energies towards destabilizing India by unleashing terrorism and indulging in inhuman and uncivil acts instead of working for the welfare of its people.

Devender Rana asserted that like in Kashmir, Pakistan is going to lick the dust with its nefarious designs getting foiled

at Nagrota. Earlier he also joined in the service of Shri Amarnath Ji bound pilgrims at a Langar established at Yatri Niwas Bhagwati Nagar here.

He said that the theocratic Pakistan will get a befitting reply from the citizens of the country across religious lines as all are the integral part of the success story being scripted by the Prime Minister under his cherished agenda of Sabka Saath Sabka Vikas Sabka Vishwas Sabka Prayas.

Earlier, interacting with the pilgrims, Rana wished them a blissful Yatra. He said Shri Amarnathji Yatra is the only

pilgrimage across the world which is being performed by one community and facilitated by another. This speaks of the bonding between the people of different faiths and ethnicities, he said, adding that the pluralistic ethos of India in general and J&K in particularly, has the strength of braving vagaries of the times.
