India-China relationship...

Sri Lanka, a nation of 22 million, is in the midst of an unprecedented economic crisis that has led to severe shortages of fuel and other essentials. The Sri Lankan government is negotiating with the IMF for a bailout package.

On the issue of Rohingya refugees, he said the issue has been discussed with Bangladesh. "What matters for them is repatriation. We have been supportive of Bangladesh," he said.

Currently, Bangladesh is hosting more than 1 million Rohingya refugees, who fled Myanmar following a military operation against them a few years ago.

Responding to another question, Jaishankar dismissed criticism for importing discounted Russian oil, saying India is not the only oil importing country.

The US and European nations have imposed heavy sanctions on Russia since Moscow sent troops into Ukraine on February 24.

India has raised oil imports from Russia after the Ukraine war despite criticism from the west and continues to engage with Moscow for business.

Jaishankar, who arrived here on Tuesday, co-chaired the 9th India-Thailand Joint Commission Meeting with his Thai counterpart and Deputy Prime Minister Don Pramudwinai on Wednesday during which they discussed advancing bilateral contacts in political, economic, security and defence, connectivity and health domains.
