

# Green Warriors of JKPS Kunjwani explore Buds & Budgies

Students of JK Public School Kunjwani engaged in learning process of plethora of common flowers and birds.

## ■ STATE TIMES NEWS

JAMMU: Continuing with its great tradition of extending a balanced blend of theoretical as well as practical knowledge, the MS Swaminathan Club at JKPS Kunjwani introduced its Green warriors to a plethora of common flowers and birds.

As part of their Club Activity, students learnt the common and scientific names of flowers gracing the school campus. Along with the correct identification, the students were able to broaden their knowledge of fragrant flowers, some of which hap-

pened to be in full bloom on the humid afternoon.

Accompanied by the teacher In-charge Sheetal Khajuria and equipped with their "green notebooks" and writing utensils, the students were thoroughly engaged in the learning process. They listened with rapt attention and were seen noting down nuggets of relevant information.

Some of the common names included Gutta (Marigold, Tagetes spp.), Gulab (Rose, Rosa indica), China Rose (Hibiscus rosa sinensis) and Sadaabaar (Periwinkle,

Catharanthus roseus). Students added that they had often seen these flowers but were unaware of their scientific names.

Gradually, the list grew longer as they added Kamal (Lotus, Nelumbo nucifera), Surajmukhi (Sunflower, Helianthus), Gulbahaar (Daisy, Bellis perennis), Kanda Pushpa (Tulip, Tulipa spp.), Champa (Magnolia, Magnolia grandiflora), Lavender (Lavandula) and Gul Mehndi (Balsam, Impatiens) along with their pictorial identification.

Some Green warriors exhib-

ited great pride and claimed to have the mentioned flowers at their home gardens.

It was an elaborate session of learning and active student participation proved to be a glowing testament of the same. Some students shared the interesting facts and benefits of some of the flowers.

LOTUS - It is India's national flower. It floats on water owing to the presence of specialized cells called aerenchyma in its leaves. It symbolizes wealth and purity.

MARIGOLD - It is used in religious ceremonies, salads and even for dying food prod-

ucts.

ROSE - It is abundantly used as an ornamental plant symbolizing love and beauty. It is also used in commercial perfumery.

CHINA ROSE - It is rich in antioxidants and used extensively in herbal teas and medicines.

PERIWINKLE - The juice of its leaves is used as folk medicine for the treatment of diabetes. These are most commonly seen in pink and white colours.

Having learnt about the floral diversity, the teacher In-charge discussed the

diversity among bird life with the students. The green warriors then headed for the birdhouse on the campus, which is home to birds of colourful feathers, flocked together. Students were told that the scientific name of the group constituting birds is called - Avian and the birdhouse is called Aviary. This aviary hosted over sixteen Australian Budgies.

Budgerigar or Common Parakeet is a variety of small, long tailed, seed eating parrots. Commonly called Budgies, these are of

two broad varieties - Australian and English. The Australian Budgies are small yet have high pitched vocals. On the contrary, the English Budgies are bigger with a low voice.

The birds inside the aviary were quite active and students were enthralled to watch them. The birds exhibited multiple phenotypes with striking colours and variations from purple to yellow. The students took a few minutes, additional on this new information and promised to share with their classmates and families.

Principal Kunjwani, Rajesh Rathore lauded the meticulous planning of the mentors as well as the passionate endeavours from the Green warriors for collecting the interesting facts and features of nature. It generates curiosity, builds rationality and sensitizes them to the ecosystem of which they are an integral part. He wished a very bright future to those JKians, who wish to pursue serious studies in the field of Ornithology and follow the footprints of famous Ornithologist Dr. Salim Ali.

## JKCA on rise, says Mithun

Mithun Manhas, Member Cricket Operations and Development JKCA.

## ■ STATE TIMES NEWS

JAMMU: Feeling ecstatic after the successful conclusion of historic 'Talent Hunt 2022', former ace cricketer Mithun Manhas, Member Cricket Operations and Development, Jammu and Kashmir Cricket Association (JKCA), has congratulated all the participating players and the officials, besides showering praise on entire organising team for contributing to make the event a grand success.

"A fantastic finish to the days format (Multi-Day Tournament), first of its kind in JKCA. Many congratulations to both the teams for playing stupendous cricket! Grateful to each and every person who contributed to make this #Talent Hunt 2022 huge success! JKCA on the rise @BCCI," tweets Manhas.

Meanwhile, in a statement issued today, Manhas said that by holding this cricketing extravaganza, which spread over for three long months, JKCA has succeeded in unearthing raw talent even from the far off areas.

"All the current players and the

players pooled from the Talent Hunt 2022 were provided ample opportunity to showcase their skill and talent to impress selectors through this historic initiative, the brainchild of the JKCA Sub Committee Members. The magnanimity of this three months long event was that the Multi-Day Tournaments were played in Under-19 Men's and Senior Men's sections, besides One-Day Tournaments in all age groups. Holding multi-day matches has never been a custom in JKCA earlier," Manhas maintained.

He said over forty centuries have been scored and equal number of 5-wicket hauls have been taken in this historic event which has enabled JKCA to pick players on merit, adding that JKCA has enough time to hold training/conditioning camps

and prepare teams before the commencement of the domestic season of the Board of Control for Cricket in India (BCCI).

"Multi-Day Cricket is the best way to test the skill of the players. That is why we focussed on holding multi-day event. Apart from honing skill, it develops temperament of the players and makes them mentally tough," added Manhas.

Meanwhile, top current cricketers of Jammu and Kashmir have highly praised this initiative of the Association, saying that JKCA provided them similar facilities and atmosphere which they see in the national level tournaments with regard to quality of grounds, quality of balls and standard of officiating etc.
