## JKNPP condemns imposition of Section-144 in some areas of Jammu

### ■ STATE TIMES NEWS

JAMMU: Vilakshan Singh, President J&K National Panthers Party (JKNPP) strongly condemned move of the UT administration to impose restrictions under Section 144 CrPC in and around four Tawi bridges in Jammu. Singh said that resorting to impose Section 144 CrPC by Government is not a good move. "Restrictions under Section 144 have been imposed in these areas with malafide intention of curbing voices being raised against government for its failure to fulfill genuine demands of the public," he added.

"India is a democratic country and the people have the right to raise their genuine demands," said Singh, demanding that the order passed by DC Jammu regarding imposing of restrictions under Section 144 should be withdrawn immediately and public be allowed to project their demands freely.

#### PUBLIC NOTICE

**Subject: Meeting with Exam Conducting Agencies (ECAs) for conduct of Computer Based Tests**

**Introduction**

Jammu and Kashmir Services Selection Board has been conducting examination through digital mode and the recruitment process of such examinations involves inviting applications, conduct of examinations, evaluation of candidates, verification of documents and formation of panel of eligible candidates. The Computer Based Tests (CBTs) are conducted in English Language only. Considering that JKSSB is the main recruitment Agency in the UT of Jammu and Kashmir, each employment Notification issued by it, attracts huge number of application forms.

Flawless conduct of CBTs require the Examination Conducting Agency (ECA) to undertake meticulous planning large scale mobilization of resources and efficient capturing, handling and processing of data. The Examination software (version) used should be certified and thoroughly tested for ensuring integrity of the examination. Adopting certified technology security measures in protecting and transmitting sensitive data is another very important requirement.

**Activities**

Major activities to be undertaken by ECA for safe conduct of CBTs under multiple shifts are as under:-

**I. Pre-Examination**

01. Identification, selection and preparation of adequate number of standard venues in Major cities and towns for the conduct of Computer Based Tests within stipulated time. These examination centers should have a robust LAN with State-of-the-art networking devices and sufficient power back up to ensure an uninterrupted exam. These examination centers should have good road connectivity and meet the parameters set by JKSSB.
02. Scheduling of candidates to ensure uniform distribution for multiple shifts and generation of E-Call letters. Special care is required for scheduling of persons with Benchmark Disability (PwBD) candidates to PwBD friendly venues at accessible locations.
03. Pre-audit of all examination venues for parameters such as Zero-Black spot CCTV coverage, mock testing of the system at full load covering all aspects to avoid failures during examination due to delay in downloading of question Paper (QP) to primary server and candidate nodes, buffering issues, taking over by secondary server in case of problems in primary server, interruption in power supply, re-login issues of computer nodes, etc.
04. Sending communications to the candidates by e-mail and/or SMS at various stages and providing helpdesk facilities for the candidates.
05. Maintain a robust question bank and options/answer keys in a safe and secure manner for preparation of adequate number of question sets and automated encrypted administration just before the start of a shift. Further, as scores of candidates are 'Normalized', the difficulty level of QPs in various shifts has to be maintained uniformly.

**II During Examination**

End-to-End support including technical, operational, logistic and manpower related for various activities like:

- a. Security & frisking of Candidates
- b. Invigilation in labs.
- c. Capturing Biometrics of Candidates.
- d. Establishment of a control room at JKSSB offices at Jammu & Srinagar with robust dashboards for real-time monitoring of examinations.
- e. Ensure a seamless, secure conduct examination
- f. Depending on the posts and examination scheme there may be multiple stages examination some of which are specialized such as computer Based Aptitude Test, Typing Skill Test, and Stenography Test etc.
- g. Storage and transmission of examination logs and other documents in a safe and secure mode within prescribed time frame.

**III Post Examination**

- a. Processing the objections received from candidates with regard to questions/answer keys.
- b. Timely submission of examination result to JKSSB as per the approved merit list preparation Protocol
- c. Support JKSSB during Document Verification as regards biometric validation, candidate documents etc.
- d. For the entire exam process, supply the requisite information to JKSSB for replying to RTI queries, Court cases etc. related to questions/answer keys and other activities performed by them on behalf of JKSSB
