■ **STATE TIMES NEWS**
JAMMU: Former Deputy Chief Minister Kavinder Gupta on Wednesday said that PM Narendra Modi led BJP Government is keen to address the issues of common people and craft policies which are people centric. Addressing a public Darbar here at Party headquarters, the senior BJP leader said that policies designed by the BJP Government are so crafted that the same can prove out to be benevolent for the people and work as ultimate panacea for resolving the issues of people. The former Deputy Chief Minister listened to the problems of the people present in the Darbar and in most of the cases ensured on the spot redressal of the issues by telephonically contacting the concerned officials. People who attended the public Darbar praised the endeavour of BJP stalwart leader in promptly addressing their issues. Mostly the issues were concerning civic infra and personal matters which were taken up swiftly. There were handful of cases which required follow up and considerable time for resolution therefore the BJP leader assured that the same will be taken up in due course of time as he will project the same at the concerned quarters sooner than later. Kavinder said that the BJP Government has already come up with a fool-proof public grievances system where people can approach the government online and the response has been made time bound.
