

MOVIE REVIEW

Bhoot Police

Director: Pawan Kripalani
Cast: Saif Ali Khan, Jacqueline Fernandez, Yami Gautam, Arjun Kapoor

STORY: The film follows ghost hunting Tantriks — brothers Vibhooti (Saif Ali Khan) and Chiraunji (Arjun Kapoor), who are hired to capture a demon that has allegedly haunted a tea estate in the gorgeous hills of Himachal.

REVIEW: Director Pawan Kripalani's horror comedy has its moments but the childishness outruns the quirkiness. Relevant one-liners on nepotism and references to go-corona-ago are hilarious. The setting and idea, grab your attention at the outset. Saif Ali Khan speaking an unknown village dialect with an anglicised accent, in that unique Saif voice is unintentionally funny. His knack of going for unheroic characters, off the beaten track is admirable. But intent and attempt can be amusing to a point. His performance leaves you conflicted here. He comes across as an odd mix of trying too hard to be funny and not trying at all to be invested in his character. Arjun and Yami are sincere, the only actors to have understood the assignment. Jacqueline and Saif seem more like tourists in Dharamshala, who chose to act in this film as a pastime.

While almost everything fails, the only comedienne, who truly makes an impression here is Johnny Lever's talented daughter Jamie Lever.

Publisher: The Browser
Pages: 56
Price: 295 INR

Review: 'Babba's Little Tales' is artist Neemu Parveen Vij's first children's book which was released in July 2021. The book is a collection of 12 endearing tales about animals and birds, and it is written and illustrated by Vij.

Nature is not only our first but also one of the best teachers. And one can surely learn a lot by observing the harmony between the animal kingdom and humans. Exploring this, Vij has written 12 stories about the animals, birds and fishes seen around her home in this lovely story book for kids. Each story is about an animal and teaches something new about them—be it Chirpee the hummingbird, Begeo the brave squirrel or Shyeha the shy chameleon.

Like most children's books, each story in 'Babba's Little Tales' teaches a life lesson or something new about the animals and birds to kids. Written in short and easy to understand sentences, the book can be read by parents to their children as picture books; young readers can also attempt reading it on their own. The attractive illustrations add value to the book and spark the reader's imagination.
