

Iconic Chenab Rail Bridge should be named after PM Modi: Ajay Nanda

■ **STATE TIMES NEWS**
REASI: On the occasion of the birthday of the Prime Minister Narendra Modi , Bharatiya Janata Party (BJP) workers in District Headquarter Reasi celebrated with unwavering enthusiasm. The event, held under the leadership of former MoS and MLA Reasi Ajay Nanda, witnessed party leaders and workers paying heartfelt tributes to their beloved leader.

During the celebration, the BJP leaders and workers expressed their profound gratitude to the Prime Minister for his instrumental role in the realization of the Katr a-Reasi-Ban in a I section of the Udhampur-Srinagar-Baramulla Rail Link (USBRL) Project in the Union Territory of Jammu & Kashmir. This complex rail alignment, primarily consisting of tunnels and bridges, traverses some

of the most challenging and mountainous terrain in the nation.

Ajay Nanda, along with PRI members and party workers, extended their heartfelt gratitude to the Prime Minister, acknowledging his resolute dedication to the development of their region. His commitment to ensuring the completion of the USBRL Project and its engineering marvels is truly commendable and serves as an inspiration.

On this auspicious occasion, Ajay Nanda, former MLA and representative of the people of Reasi, presented a compelling suggestion on behalf of the community. He proposed that the iconic Chenab Rail Bridge, already completed and standing as the highest arch railway bridge in the world, should be named after the Prime Minister Narendra Modi. He emphasized that without the Prime Minister's vision and continuous efforts, neither

this section of the USBRL project nor this marvel of a bridge could have become a reality.

Furthermore, Ajay Nanda underscored the need to rename the Reasi Railway Station, a pivotal component of this project, after Jammu and Kashmir's visionary Dogra Maharaja Partap Singh. Born in Reasi, Maharaja Partap Singh was the first person in J&K's history to make multiple efforts to connect the Kashmir Valley with the Indian railway system. His contributions, although slow to progress during his time due to high costs, are a testament to his vision and commitment. In 1890, during his tenure as Dogra Maharaja, the Jammu-Sialkot line was constructed from Jammu to Sialkot in the Punjab Province of British India, marking the first railway in Jammu and Kashmir.
