BMW launches iX1 electric SUV at Rs 66.90 lakh

■ STATE TIMES NEWS

JAMMU: BMW has launched the all-electric iX1 xDrive30 SUV for Rs 66.90 lakh (ex-showroom). The SUV is based on the popular BMW X1, which was not just the bestselling luxury SUV for the brand in FY2023, but also the bestseller overall. We broke the story earlier this month that the EV SUV is set to come to India, and it is now available in a single trim.

With this, the most successful BMW luxury sports activity vehicle - the X1 - becomes the first in its segment to offer a new electric avatar in addition to the petrol and diesel drivetrains.

Available as a completely built-up unit, the first fully electric BMW iX1 can be exclusively booked online at shop.bmw.in. Deliveries start from October onwards.

Vikram Pawah, President, BMW Group India said, "As pioneers in sustainable mobility, BMW Group India's electric offensive started ahead of time. The foundation of our success and leadership in the luxury electric car market is built on

a powerful product strategy complimented by the most diverse electric portfolio in the segment. The latest in this series is the electrification of the highly successful BMW X1, which also makes it the first Sports Activity Vehicle (SAV) in its segment to offer unmatched 'Power of Choice' for all customers preferences - petrol, diesel and electric! The fact that every BMW electric car comes with a complimentary wallbox charger and that we have opened up 24x7 access to our best fast charging network in 35 cities for customers of other brands as well is a step to accelerate electric adoption in the market. We will continue to boost the ramp-up of electric mobility by carefully expanding our range with well-thought-out and innovative products like the first fully electric BMW iX1."

Pawah added, "The first fully electric BMW iX1 is a game-changer for its segment. Inspired by confidence and determination, the iX1 fulfills the expectations of a SAV in a purely electric way, bringing together instantly accessible driving pleasure and modern versatility with zero emissions."

Paytm Foundation donates 300 LPM oxygen plant to GMC Kathua

■ STATE TIMES NEWS

KATHUA: One97 Communications Limited that owns the brand Paytm, India's leading payments and financial services company and the pioneer of QR and mobile payments, along with Paytm Foundation, has donated an oxygen plant, which has a capacity of producing 300 litres of oxygen per minute (LPM), to Government Medical College (GMC) Kathua. The oxygen plant was formally inaugurated by Dr. Jitendra Singh, Union Minister on September 24, 2023. This will be used for the treatment of patients who require intensive care in Associated

Hopital, GMC Kathua. The event was also graced by Bhupinder Kumar, Secretary to the Government Health & Medical Education Department and Rakesh Minhas, DC Kathua.

Paytm Foundation Spokesperson said, "We aim to provide pressure swing adsorption plant to GMC Kathua, enabling it to become self-sufficient at all levels of the healthcare system, including surgery, trauma, heart failure, asthma, pneumonia, and maternity and child care, where oxygen is an important medication for treatment."
